Who this is for. Children applying for Year 3 are usually 7 years old on 1 September. A child from a Chinese mainstream school has usually **completed Grade 1** (一年级): numbers to 100, adding and subtracting within 100, o'clock and half past, yuan and jiao, and simple 2D and 3D shapes. Times tables, division, fractions, cm rulers and time to five minutes usually come later. English as a school subject often starts in Grade 3, so many children have only had English classes outside school; children from bilingual schools may be close to fluent.

How it works. About 55 minutes of tasks, 1:1, plus a welcome and a short break. The child works in the **Student booklet** (11 pages); you lead every task and record in this booklet. Reading uses the shared reading screens. Mark everything the same day and copy the score summary (Section 5) onto the Candidate Summary and Decision (`forms/Candidate_Summary_and_Decision.md`).

1. At a glance

	Task	Minutes	Who leads	Student booklet	You need

2	Listening: follow instructions	5	Assessor, 1:1	page 2	Pencil; coloured pencils: red, yellow, blue, green
3	Early Reading Screen, then Graded Sentence Reading Screen	12	Assessor, 1:1	(shared cards)	Shared cards and records (instructions in `shared/Early_Reading_Screen_Guide.md`); a plain card; the levelled reading books
	Break	3 to 5			Water; a chance to move
4	Maths: Section A (number problems) and Section B (word problems and pictures)	18	Child writes; you read any question on request	pages 3 to 10	Pencil, rubber, ruler marked in cm
5	Writing: the picture story	8	Child writes	page 11	Pencil
6	Short interview and goodbye	8	Assessor, 1:1		`forms/Interview_Record_Y3_Y4.md`; paper and crayons
	Total	**about 55**, plus welcome and break			

Print for each child: the Student booklet (A4, single-sided, at actual size; colour if possible, but the emoji pictures are clear in greyscale), this assessor booklet, `shared/Early_Reading_Screen_Record.md`, `shared/Sentence_Reading_Record.md`, `forms/Interview_Record_Y3_Y4.md` and `forms/Candidate_Summary_and_Decision.md`. **Reuse:** the laminated `shared/Early_Reading_Screen_Cards.md` and `shared/Sentence_Reading_Card.md`, and the levelled reading books.

2. Before you start

The room. Quiet and bright, with a low table. Sit beside the child, not opposite. Keep the door open or another adult present. Have the booklet open at page 1 and everything else out of sight.

Say: "Hello, [name]. My name is [your name]. I am a teacher here. Today we are going to look at some pictures, listen, read, do some maths and do some writing. Some things are easy and some are hard. That is fine. Just do your best. You can ask me to say things again."

Write the child's name on page 1 if they cannot.

Access rules (the same in every year group)

	English tasks: picture talk, listening, reading screens, writing	**Maths**
Reading aloud	Say only what the script says. Do not explain words, translate, or read the reading texts for the child. You may repeat an instruction in English.	Read any question aloud in English, as often as the child asks, and point to the picture.
Chinese	Not used by staff.	If a Chinese-speaking colleague is present and the child cannot follow the English after it has been read aloud, the colleague may say the question once in Chinese. Write **L** by the question. The mark still counts.
Answers	In English only. An answer in Chinese scores 0.	In English only: numbers, words, ticks, drawings and working all count. An answer or explanation in Chinese scores 0.

Codes. NT not yet taught: the child says they have not learnt it; it scores 0 and is listed in the summary. **L** language support in maths. **R** a listening instruction repeated. Record extra time, a reader or any other access arrangement for a known need in the score summary.

Keeping the child at ease. Chat for a minute first. Praise effort ("Thank you", "You are working hard"), never right or wrong answers. Do not mark in front of the child. Any child may stop a task when they have done what they can. If the child is upset, tired or very quiet, take a break or stop, and record it. Never press a distressed child.

3. English

3.1 Speaking: picture talk (4 minutes, booklet page 1)

Say: "Look at these pictures. They tell a story. The girl is Mei. This is her grandpa. Let's talk about the pictures."

The story (for you, not to read aloud): 1. Mei and Grandpa plant a seed in a flower pot. 2. Mei waters the pot and a small plant comes up. 3. It is a very hot day; the plant droops and Mei is sad; Grandpa brings the watering can. 4. The plant has grown into a sunflower taller than Mei; they are happy.

Ask the prompts in order. Wait about 5 seconds before you move on. You may point to a picture, but do not name things for the child and do not correct their English. Write down what the child says, as exactly as you can.

Step	Say (and point)	Listen for	What the child said
1 Name	"What can you see?" Point to things: "What is this?"	Single words: sun, flower, pot, seed, plant, water, girl, grandpa; watering can, sunflower	
2 Describe	Picture 2: "What is Mei doing?"	"Water"; "She is watering the plant."	
3 Feelings and why	Picture 3: "How does Mei feel? Why?"	"Sad"; "because the plant is ill / dying / too hot / needs water"	
4 Tell the story	"Now tell me the whole story. Start here." Point to picture 1.	The events in order; then, and, because; past tense (planted, watered, grew); time words (every day, one day, at the end)	
5 Predict and connect	"What do you think Mei will do next?" Then: "Do you have plants or flowers at home? Tell me about them."	An idea of their own; talk about their own life	

Speaking guide for this task. Use it together with the interview. The speaking band goes on the interview record and in the score summary.

Band	At this age, in this task
A New to English	Silent, points, or names one or two things; may talk in Chinese.
B Early acquisition	Names many things; short phrases ("girl sad", "flower big"); needs the prompts.
C Developing competence	Simple sentences with errors ("She put seed in pot. The flower is grow big."); tells the story with help.
D Competent	Tells the whole story in connected sentences, with some past tense; says why; occasional errors.
E Fluent	Tells the story easily, as a fluent English-speaking 7 year old would: past tense, linking words, feelings, an idea about what happens next.

3.2 Listening: follow instructions (5 minutes, booklet page 2)

You need: the park picture (page 2), a pencil, and four coloured pencils (red, yellow, blue, green) on the table.

Say: "Look at this picture. I am going to tell you what to do. Listen carefully, then do it. Sometimes you point with your finger. Sometimes you use your pencil."

How to give it

- Say each instruction **once**, clearly, at a natural pace. Do not point to, look at or gesture towards anything in the picture.
- If the child asks, or does nothing for about 5 seconds, say it **once more** and tick **R**.
- Score **1** if the child does everything in the instruction correctly, after the first or the second hearing. Otherwise score **0**. Say "Thank you" after every item, whatever happens.
- **Practice (not scored):** "Point to the cloud." If needed, show the child by pointing yourself, then say it again.
- **Stop** if the child scores 0 on three items in a row. Say: "Well done. That is the end of the listening."

No.	Type	Say exactly	Score 1 if the child	R	Score
1	One step	"Point to the house."	Points to the house.		
2	One step	"Point to the boat."	Points to the boat on the pond.		
3	One step	"Draw a circle round the bike."	Draws a ring round the bike (a rough ring is fine).		
4	Position: under	"Point to the ball under the bench."	Points to the ball under the bench, not the ball on the seat.		
5	Position: next to	"Draw a circle round the cat next to the house."	Rings the cat on the grass next to the house, not the cat in the tree.		

No.	Type	Say exactly	Score 1 if the child	R	Score
6	Position: between	"Point to the bird between the two trees."	Points to the flying bird between the trees, not the bird on the roof.		
7	Two steps	"Draw a sun in the sky. Then put a cross on the bench."	Does both: a sun anywhere in the sky (a circle is enough) and a cross on the bench.		
8	Two steps	"Colour the big duck yellow, and draw a circle round the small duck."	Does both: some yellow on the big duck (another colour scores 0) and a ring round the small duck.		
9	Sequence: before	"Before you draw a circle round the house, draw a line under the boat."	Draws the line under the boat **first**, then rings the house. Watch the order.		
10	Condition: if	"Look at the pond. If there are three ducks, draw a fish in the water. If there are not three ducks, draw a flower next to the bench."	Draws a flower next to the bench (either side) and no fish. There are two ducks.		
				Total	**/ 10**

Band guide: 0 to 2 **A**; 3 to 4 **B**; 5 to 6 **C**; 7 to 8 **D**; 9 to 10 **E**. Listening band: **A** **B** **C** **D** **E**

What to look for

- Choosing the other ball, cat or bird in items 4 to 6 means the position word (under, next to, between) is not yet known, although the noun is.
- Doing only the last part of items 7 and 8, or doing item 9 in the order heard (house first), is typical of a child whose English is still developing (band C): short instructions are understood, longer ones cannot yet be held in English.
- Many R ticks with correct answers show understanding that is still slow. A child who watches your face for clues may understand less than the score suggests; note it.

3.3 Reading: the shared reading screens (12 minutes)

Use the Early Reading Screen (`shared/Early_Reading_Screen_Cards.md` and `shared/Early_Reading_Screen_Record.md`) with the **Year 3 start point** (Guide, Section 2): start at **Section 1, words 1 to 10** (practice Card 3, then Card 4).

- **If words 1 to 10 are easy** (9 or 10 right, most read without sounding out): skip words 11 to 20 and the letter sounds, and go straight to Section 2. Section 2 is 15 or more: go on to the passages. Section 2 is 12 to 14: the tricky words, then the passages. Section 2 is under 12: go back to words 11 to 20, then the tricky words and the passages.
- **If not:** as Year 2. Finish Section 1 (and Section 2 if Section 1 is 15 or more), then the letter sounds, the tricky words and the passages.

Then give the Graded Sentence Reading Screen (`shared/Sentence_Reading_Card.md` and `shared/Sentence_Reading_Record.md`) starting at **Level 2** (sentence 4).

- The instructions for the Early Reading Screen are in `shared/Early_Reading_Screen_Guide.md`; those for the sentence reading are on `shared/Sentence_Reading_Record.md`. Follow their scoring and stopping rules. This booklet has no reading task of its own.
- In Years 1 to 3 the **reading band** comes from the Early Reading Screen; the sentence reading screen confirms it (see the Sentence Reading Record, Section 7).
- Pronunciation features common for speakers of Chinese (for example l and r, a light final consonant, an extra vowel at the end of a word) are not reading errors when the word is clearly right.
- Copy the results to the score summary (Section 5).

3.4 Writing: the picture story (8 minutes, booklet page 11)

The writing comes after the maths (see Section 1).

Say: "Do you remember the story about Mei and the sunflower? Now write the story. Look at each picture and write about it. Start with 'First'." Point to each frame word and read it once: "First … Then … Next … At the end."

- Do not spell words, give vocabulary or correct anything. If the child asks for a spelling, say: "Have a go. Write the sounds you can hear."
- If the child has not started after about a minute, say: "Write a word for each picture." Write "labels" in the notes.
- **Only if the child cannot connect with the pictures at all**, offer a short recount instead: "Write about something you did last weekend." The frame words still help. Write "recount" in the notes.
- Stop after 8 minutes, or earlier when the child has finished.

The four criteria. Score each from 0 to 4; 1 and 3 fall between the descriptions.

Criterion	0	2	4
Content and organisation	No English writing about the pictures, or only the frame words copied.	Writes about two or three of the pictures, in order, in phrases or short sentences.	Tells the whole story in order (all four pictures) with a clear ending, and adds a detail, a feeling or something a character says.
Vocabulary	No English words of the child's own.	Everyday words for the pictures (girl, flower, sun, water, sad, big).	Some precise or interesting words (seed, planted, watering can, hot, thirsty, droopy, grew, tall, taller than).
Grammar and sentences	No sentence.	Simple sentences, often without past tense or "a" and "the" ("She put seed. Flower is big.").	Correct simple sentences, past tense mostly right, some joined with and, but, because, so or when.
Spelling and punctuation	Letters or strings that cannot be read as words.	Common words mostly right; other words spelt as they sound (sunflowr, woterd, gru); some capital letters and full stops.	Most common words right, including common exception words (the, was, said, they); capital letters and full stops nearly always right; perhaps an exclamation mark or a question mark.

Content and organisation	Vocabulary	Grammar and sentences	Spelling and punctuation	Total
/ 4	/ 4	/ 4	/ 4	**/ 16**

Checklist (tick what you see): ☐ writes their name ☐ letters mostly well formed ☐ spaces between words ☐ writes on from the frame words ☐ at least one complete sentence ☐ capital letters and full stops ☐ past tense ☐ and, then, because or so ☐ spelling plausible from the sounds ☐ uses Chinese characters or pinyin (note which)

Writing band (best fit). Read the piece against the band descriptors in `00_Admissions_Guide.md`, Section 6, and choose the band that fits best. The total is only a guide: about 0 to 3 **A**, 4 to 7 **B**, 8 to 10 **C**, 11 to 13 **D**, 14 to 16 **E**. Writing band: **A** **B** **C** **D** **E**

What band E looks like at this age. About five or more sentences that tell the whole story in order, mostly in the past tense, joined with words such as and, then, because and when; capital letters and full stops nearly every time; common words spelt correctly and harder words spelt so that they can be read; perhaps a feeling or a few words of speech. This is what a fluent English-speaking child at the end of UK Year 2 writes.

What to look for

- Missing past tense endings, plurals and "a" and "the" are normal for a learner of English: judge what the child can communicate.
- Spelling that uses pinyin letter values (for example "xi" for "she") shows the child is using sounds they know. Note it: it helps the teacher.
- Very slow, effortful handwriting, or letter formation that is also weak in Chinese (ask the parents), may point to a fine motor need. Note it on the interview record.

3.5 Short interview and goodbye (8 minutes)

Use `forms/Interview_Record_Y3_Y4.md`. In Year 3 the sentence reading has already been done with the Early Reading Screen, so skip Section 1 of the form. Choose about two questions from each block. Give the **speaking band** on the form, using the picture talk (Section 3.1) and the interview together, and complete the suitability strands. To finish, thank the child and tell them one thing they did well. Do not give any results.

4. Maths (18 minutes, booklet pages 3 to 10)

Say: "Now we are going to do some maths. You can write in the booklet. I can read any question to you. Just ask me." Show the child Section A (number problems) and Section B (word problems and pictures).

- **Equipment:** pencil, rubber, ruler marked in cm. No calculator and no counters: the child may draw, or count on the pictures.
- **Reading aloud:** read any question in English as often as the child asks, and point to the picture. Offer to read the word problems (Questions 7, 8 and 13) if the child does not ask. The Chinese reading is once only, by a colleague, after the English: write **L**.
- **Time:** about 5 minutes for Section A and 13 minutes for Section B. If the child is stuck for about a minute, say: "Have a go, or we can go on to the next one." If they say they have not learnt something, write **NT**.
- Questions 5 and 6b are Year 3 content, there to find the ceiling. A Year 3 entrant is not expected to get them.

Mark scheme. One mark for each answer unless the table says otherwise. Type: **N** number problem, **W** word problem, **P** problem with a picture or diagram.

Band guide (provisional, to be reviewed after the first 20 to 30 candidates): 0 to 9 **1** Well below expected; 10 to 14 **2** Working towards; 15 to 20 **3** Expected; 21 to 24 **4** Greater depth. List the NT questions. If they explain a low score, judge whether the child would reach band 3 once taught.

Number problems and word problems. Compare Questions 1 to 3 (adding and subtracting with no words) with Questions 7 and 13 (the same skills in words). A child who does well on number problems but poorly on word problems may have an English barrier rather than a maths difficulty: check by reading the word problem aloud (and, if a Chinese-speaking colleague is present, once in Chinese, marked L).

What to look for

- **Strong:** quick, accurate calculation; uses the pictures sensibly (crossing out stickers, counting the plates in fives); checks answers.
- **A maths difficulty:** errors on Questions 1 to 3 as well as on the word problems; counts in ones for everything; cannot read the ruler or the clock even when the question is read aloud.
- **An English barrier:** right answers to the number problems, but wrong or blank word problems that become right when read aloud or said in Chinese; asks for many questions to be read.

Likely not yet taught for a child who has completed Chinese Grade 1: Questions 4 and 8 (multiplication and division), 5 and 6b (numbers above 100), 9 (centimetre ruler), 12b (time to five minutes), 14 (symmetry) and 15 (fractions). Children from bilingual schools, or who have started Grade 2, may have met some of these.

Line	Text: write your marks above the words	E	SC
1	Zhang Wei had never felt so nervous. It was the Dragon

What it is. A quick 1:1 read-aloud screen for every candidate from Year 1 to Year 10. The student reads sentences that get harder, from a reading age of about 5 to adult level, until they can no longer read them. It gives an **indicative reading age**, an accuracy profile, a **fluency** rating and an **understanding** check. It takes 2 to 6 minutes. In Years 1 to 3 it follows the Early Reading Screen; from Year 4 it opens the interview.

You need: the student card (`Sentence_Reading_Card`), this record, a pencil, and a plain card or sheet of paper to cover the sentences the student has not reached yet (this stops a page of text looking frightening).

1. Start, carry on, stop

Year applied for	1	2	3	4	5	6	7	8	9	10
Start at level	1	1	2	3	4	5	6	7	8	9
First sentence	1	1	4	7	10	13	16	19	22	25

- If you already know the student is new to English, start at Level 1 whatever their age.
- **Going back (basal).** If the student scores 6 out of 6 on the start level, give full credit (6 points) for every level below it. If they score less than 6, go back one level at a time until they score 6 out of 6 on a level (or you reach Level 1). Then carry on upwards from the level after the start level.
- **Stopping (ceiling).** Always finish the start level. Then stop at the end of any level where the student scores **2 points or fewer**. Stop straight away if the student scores 0 on **three sentences in a row**, or if they become upset. Levels above the stopping point score 0.

Say: "I would like you to read some sentences out loud for me. They start easy and get harder. When they get too hard, that is fine, we will stop. If you do not know a word, have a go. Ready?" Point to the first sentence. You may say "Have a go" or "Try the next word". Do not sound out, explain or translate any word.

2. Scoring each sentence

Errors in the sentence	Points
none (self-corrections are fine)	**2**
one	**1**
two or more	**0**

These count as one error each

Code	Error	Example
S	**Substitution**: says a different word or a non-word	"horse" for house; "sur-pried" for surprised
O	**Omission**: leaves out a word, or leaves off a written ending that changes the word (-s, -ed, -ing, -ly)	"The frog jump out" for jumped
I	**Insertion**: adds a word that is not there	"the a red bus"

Code	Error	Example
T	**Told**: no attempt after about 5 seconds; say the word, mark T	
	Two words read in the wrong order	one error

These are not errors (mark them, but do not count them)

Code	What happens	Why it is not an error
SC	**Self-correction**: reads a word wrongly, then puts it right	The student is checking meaning.
R	**Repetition** of a word or phrase	
	Pauses, or sounding out and then blending the word correctly	Note it for fluency instead.
	Accent and pronunciation features common for speakers of Chinese, when the word is still clearly the right word: l and r ("lice" for rice), n and l, v and w, th as s, f, d or z ("sink" for think), a light or missing final consonant sound, an extra vowel after a final consonant ("bed-uh"), the -ed ending said in full ("jump-ed"), stress on a different syllable ("ho-TEL", "PHO-to-graph")	These are features of a learner's spoken English, not of reading. If the sound changes the word into a different word that makes sense, and you cannot tell which was meant, count it.
	Names (Ling, Jun, Mei) read in any reasonable way	
	Reading the British spelling as written ("tyres", "colour")	

When you are not sure, give the student the benefit of the doubt and write what they said in the notes. Patterns in the notes (for example missing -ed endings throughout, or pinyin letter values such as "i" read as in pinyin) are useful evidence for the English profile.

3. Understanding (the meaning check)

After each level the student reads with **3 or more points**, ask the meaning question for that level (printed in the record). Read the question aloud once and let the student answer in their own words. Record ✓ (understood), **½** (partly) or ✗ (not understood). The answer must be in English: one word or a short phrase is enough, and pointing to the right words in the sentence also counts. An answer in Chinese is recorded ✗.

4. Fluency

Rate the student's reading on the **last level they read with 4 or more points**.

Rating	What it sounds like
1	Word by word. Long pauses. Little sense of the sentence as a whole.
2	Mostly two- or three-word groups, with some word-by-word reading. Little expression.
3	Mostly in sensible phrases. Some pauses to work out harder words. The sentence makes sense to the listener.
4	Smooth and phrased, close to natural speech, with stress and expression that show understanding.

6. Reading age

Total points = points scored + 6 for every level below the basal level that was not read.

Reading age (years:months) = 5:00 + 2 months for every point (0 points: below 5:00). So 6 points = 6:00 (Level 1 secure), 12 points = 7:00, 30 points = 10:00, 60 points = 15:00, 72 points = 17:00 (the ceiling: report "16 years or above" for 66 points or more).

7. What the result means

This screen is not standardised. The reading ages come from the way the sentences were built (how common the words are, the spelling patterns in the English National Curriculum word lists for each year, and the length and

structure of the sentences). Treat a reading age as a range of about 6 months either side. Once 30 to 50 students have taken it, compare their reading ages with the reading paper and with how they get on in class, and adjust the guide below if needed.

The reading band. In Years 1 to 3 the reading band comes from the Early Reading Screen; in Years 4 to 10 from the reading paper. This screen confirms the band. Use the table as a guide; if this screen and the main reading result differ by more than one band, look for the reason (below).

Reading age compared with actual age	Years 3 to 5	Years 6 to 10
At or above actual age, or close below it	up to 6 months below: **E**	up to 12 months below: **E**
Below	7 to 12 months below: **D**	13 to 24 months below: **D**
Well below	13 to 24 months below: **C**	25 to 42 months below: **C**
Far below	25 to 36 months below: **B**	43 to 60 months below: **B**
Very far below, or Level 1 not secure	more than 36 months below: **A**	more than 60 months below: **A**

- **Years 1 and 2.** Many fluent English speakers score 0 to 6 points at the start of Year 1. At the start of Year 2 a fluent reader usually has Level 1 secure and often Level 2. Use the reading age as supporting evidence only.
- **Decoding ahead of understanding.** If the meaning checks on the last two levels read are mostly ✗, move the band down one. This is common for students who learnt phonics or the phonetic alphabet well but have a small English vocabulary: they can "say" words they do not know.
- **Understanding ahead of decoding.** A student who understands well (✓ throughout) but stops early on long, rare words may be a confident English user who has had little reading practice, or may have a specific difficulty with reading. Look at the Early Reading Screen or the reading paper and, if there is a pattern, raise it in the summary.
- **Low fluency** (rating 1 or 2) with a good reading age often means effortful decoding: the student will find long texts in English tiring at first.
- **Level 1 not secure** at any age: use the letter sounds and Section 1 words of the Early Reading Screen to find what the student knows.

Student interview and suitability record: Years 3 and 4

Candidate name	
Year group applied for	
Date	
Interviewer	
Others present (for example receiving homeroom teacher; Chinese-speaking colleague)	

About 8 minutes in Year 3 and 12 minutes in Year 4, 1:1. The interview is held **in English**, as a friendly chat. It has three jobs: to hear the child's spoken English, to get to know the child (likes, school, friends, **hopes for the future**), and to judge their **suitability** for the international programme. In Year 3 the sentence reading is done with the Early Reading Screen; in Year 4 the interview opens with the Graded Sentence Reading Screen (start Level 3; record on `shared/Sentence_Reading_Record.md`).

How to ask. Sit beside the child. Have paper and crayons ready: some children talk more easily while drawing ("Draw something you love doing, and tell me about it"). Ask the main question first. If the child struggles, use the **easier** prompt (a yes or no, a choice, or pointing). If they answer easily, use the **stretch** prompt. Wait at least five seconds before rephrasing. Answers must be in English.

Safeguarding. Keep the door open or another adult present. If a child tells you something that worries you, do not promise to keep it secret; listen, write down their words, and pass it to the Designated Safeguarding Lead the same day.

3. Speaking band

Circle the band that fits best, for a child of this age.

Band	What you hear
A New to English	No English yet, or a few single words ("yes", "cat"). Uses Chinese, pointing or silence. Understands very little without pictures or gesture.
B Early acquisition	Single words, short phrases and some simple sentences ("I like football"). Needs the easier prompts. Understands slow, simple questions with support.
C Developing competence	Answers in short sentences and can say a little more with prompting ("I like football because it is fun"). Errors are common; meaning is usually clear.
D Competent	Talks easily, joins ideas, tells a little story or explains, with occasional errors. Understands nearly everything said at a normal pace.
E Fluent	Speaks as a fluent English-speaking child of the same age would.

Parent conversation record

Candidate name	
Year group applied for	
Date	
Staff member	
Parents or carers present	
Language used (and interpreter if any)	

About 15 minutes. Hold it while the student does the written tasks with another adult, or straight after. Use the family's preferred language; a Chinese-speaking colleague should lead or interpret if the staff member does not speak Chinese. The aim is a two-way conversation: to understand the child and the family's hopes, to explain how the international programme works, and to check that what the family wants matches what the school offers. Do not discuss the assessment results on the day.

1. Why the international programme?

Question	Notes
Why are you looking for a place in the international programme, and why now?	
What do you know about how the programme works (lessons in English, the UK-style curriculum, assessment, homework, activities)?	
Whose idea is the move, and how does your child feel about it?	

2. Schooling so far

Question	Notes
Schools attended, years, and type (Chinese mainstream, bilingual, international, overseas)	
Any year repeated or skipped? Any long gaps?	
Why is the child leaving their current school?	
Student registration (学籍): where is it held now, and what will happen to it? (admissions office to give the school's position)	
School reports, certificates and any assessments the family can share	

3. Languages

Question	Notes
Which languages are spoken at home, and by whom?	
How has the child learnt English so far (school lessons from which grade, classes outside school, tutor, online, time abroad, English-speaking carer)? About how many hours a week?	
Does the child read in English at home? In Chinese?	
How will the family support English at home (reading, media, activities), and support Chinese if that matters to the family?	

4. Learning, health and development

Ask gently and explain why: the school wants to have the right support ready from the first day.

Question	Notes
What is your child good at? What do they enjoy most?	
Has any teacher or doctor ever raised a concern about learning, speech and language, attention, behaviour, hearing or vision? Any assessments or reports?	
Any extra help at the current school?	
Medical conditions, allergies, medication (also on the school medical form)	
For young children: speech in Chinese for their age, toilet and self-care, sleep	

5. Wellbeing and the week

Question	Notes
How would you describe your child's personality? How do they cope with change?	
Friendships: does your child make friends easily?	
A typical weekday and weekend: after-school classes, tutoring, sport, music, screen time, sleep	
Any big changes in the family recently (a move, a new baby, a parent working away)? Share only what you are comfortable sharing.	

6. Expectations and partnership

Question	Notes
What would make this a successful first year for your child?	
What do you expect from the school (homework, reports, communication, class rankings, exam results)? Explain how the school reports progress and how it communicates.	
How does the family feel about co-curricular activities, sport, arts, service and wellbeing as part of education, not just exam subjects?	
Learning in a new language takes time: explain what is typical (social English often within one to two years; the English needed for academic work often takes several years) and how the school supports it. How does the family feel about this?	
How would the family like to be involved (events, meetings, volunteering)?	

7. Future plans

Question	Notes
What are your hopes for your child in the long term (university, country, career)?	
Do you plan to stay in the international programme through to the end of school?	
Explain the programme's pathway (for example IGCSE, then the sixth form programme) and how it differs from the 中考 and 高考 route, using the admissions office's wording. Does the family understand that moving back to the national exam route later may not be straightforward?	
Year 10 applicants: which IGCSE subjects does the student hope to take? Explain that IGCSE is a two-year course starting in Year 10.	

8. Boarding (only if the child will board)

Question	Notes
Has the child stayed away from home before (camps, boarding, family)? How did it go?	
How independent are they with daily routines, sleep and belongings?	
How will the family keep in touch, and how often will the child go home?	

9. Questions from the family

10. Staff view

	Rating	Notes

2. Maths and science

	Score	Band	Number problems (Years 7 to 10: fluency)	Word problems (Years 7 to 10: word questions)	Applied (Years 7 to 10)	Not yet taught (NT)	Language support (L)
Maths	___ / ___	**1 2 3 4**	___ / ___	___ / ___	___ / 12		
Science (Years 5 to 10)	___ / ___	**1 2 3 4**					

1 Well below expected (Years 7 to 10: below expected), **2** Working towards, **3** Expected, **4** Greater depth. The Years 7 to 10 papers are harder, so their band boundaries are lower (guide and booklets). A student who does well on number problems but poorly on word problems may have an English barrier rather than a maths difficulty. In Years 7 to 10, a student strong in fluency and word questions but weak in applied problems needs teaching in problem solving, not more content. Questions marked NT score 0; say whether the student is likely to reach the expected band once taught.

Year 10 only: readiness for IGCSE (Year 10 assessor booklet, Section 6). English course: ☐ First Language ☐ English as a Second Language ☐ to decide. Maths tier: ☐ Extended ☐ Core ☐ to decide. Overall: ☐ Ready ☐ Ready with support ☐ Not yet.
