Scene map table cover: 168.9 x 119.4 cm on 21 A3 sheets (7 across, 3 down)

Print every sheet on A3 at Actual size (100%). Never "Fit to page", or the sheets will not line up.

Each sheet is labelled in its bottom margin (A1 is top left). The red boxes above show where each sheet goes.

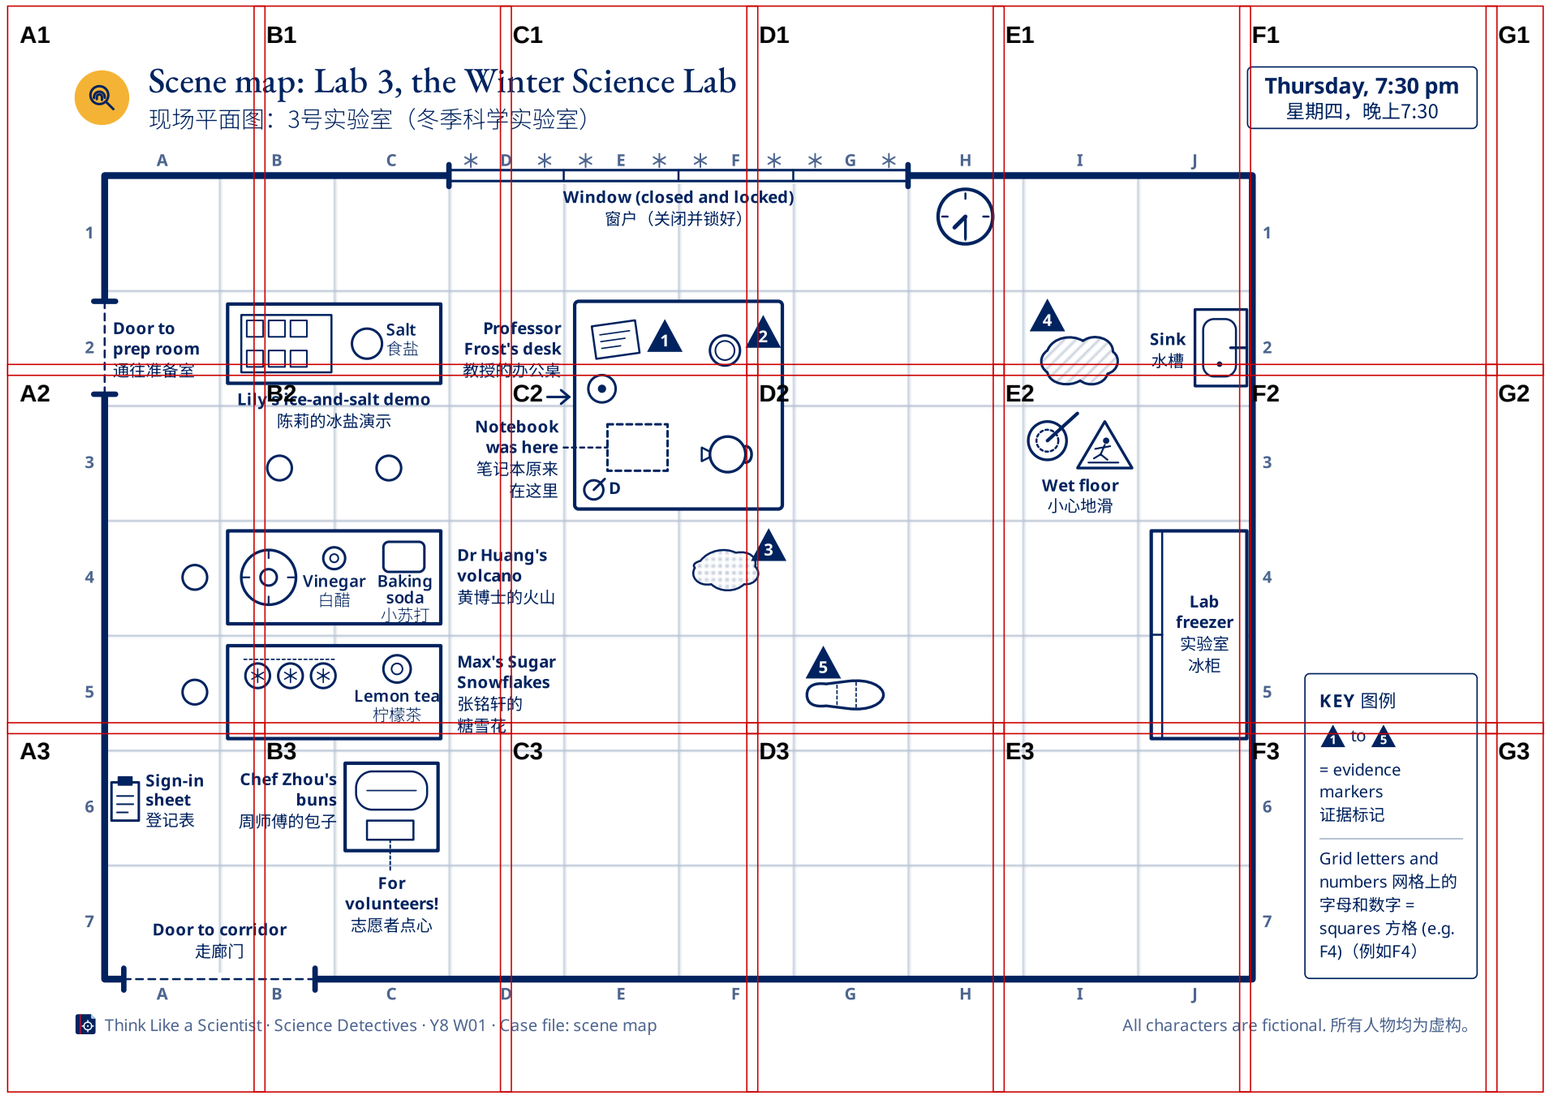

1. Cut only on the dashed lines: the left edge of every sheet except column A, and the top edge of every sheet except row 1 (32 cuts). Leave all other margins.

2. Build row 1 from left to right: lay A1, then lay B1 on top of A1's grey glue strip so the pictures match. Glue on the strip only.

3. Build rows 2 and 3 the same way, then lay row 2 over the bottom glue strip of row 1, and row 3 over row 2.

The grey strips (12 mm) and the uncut margins are covered by the next sheet. The outside margins stay as a white border. Tape the back of the joins.

The map keeps its proportions, so it is 168.9 cm wide: on a 180 x 120 cm table this leaves about 6 cm spare at each end.
