Previous homeroom teacher reference | 班主任推荐信息表

For admissions staff. Send this form only after the parent or carer has given consent (Parent Conversation Record, Section 10). Most students joining from Chinese mainstream schools know their homeroom teacher (班主任) best, so this form goes to the 班主任, by email or WeChat, or is used as a script for a phone call. It is the one bilingual document in the pack, because the teacher may not read English. Chinese text: draft, to be checked by a native speaker before use. Record the answers, then summarise them on the final mark sheet (Candidate Summary and Decision).
