What you saw today

今天您看到的：国际部一年级的课堂

A Year 1 international-stream lesson in 25 minutes · Fur, Feathers or Scales?

HIK | SVS International School
excellence in education

Your child has just taken part in a short **project-based learning** lesson. This is how children learn in Year 1 of our international stream: they investigate a real question, work with their hands and with each other, make something, and explain it, all in English.

您的孩子刚刚参加了一节简短的项目式学习课。这就是我们国际部一年级的学习方式：孩子们探究一个真实的问题，动手操作、相互合作、完成作品并进行讲解，全程使用英语。

Six things you saw 您看到的六个环节

❓ Ask 提问

A real question to investigate: "Fur, feathers or scales?"
一个真实的探究问题："皮毛、羽毛还是鳞片？"

🖐️ Explore 探索

Hands-on: a mystery bag and real textures to feel and describe.
动手探索：神秘袋和真实的材质，用手感受并描述。

👫 Team 合作

Mixed-age teams of four, everyone with a job to do.
四人混龄小组，每个孩子都有任务。

🧴 Make 创作

A product: the team's sorting board, made by the children.
一个成果：孩子们自己完成的小组分类板。

💬 Share 分享

Every child presents one finding to an audience, in English.
每个孩子用英语向观众展示一个发现。

🤔 Think 思考

Checking, disagreeing, giving reasons: "Why? Because it is soft."
检查、质疑、说明理由："为什么？因为它很柔软。"

What your child learned 孩子学到了什么

Science
Animals have different coverings: fur, feathers or scales. Scientists observe and sort.
科学：动物有不同的体表覆盖物。科学家观察并分类。

English
soft, smooth, bumpy; fur, feathers, scales; "The duck has feathers. It is soft."
英语：描述材质的词汇、动物词汇和完整句子。

Skills
Observing, sorting with reasons, taking turns, presenting to an audience.
能力：观察、有理由地分类、轮流合作、面向观众表达。

Why we teach this way 我们为什么这样教

English is learned by using it. Children spoke English to do something real, not to repeat a drill.
英语在使用中习得：孩子用英语完成真实任务，而不是机械重复。

Thinking comes first. Sorting with a reason ("because it is bumpy") is the start of scientific thinking.
思维优先：有理由地分类，是科学思维的起点。

Every child contributes. Four-year-olds showed and pointed; five-year-olds gave full sentences. Same task, different levels.
人人参与：四岁的孩子指认和展示，五岁的孩子说完整句子。同一任务，不同层次。

Confidence grows by presenting. Standing up and telling an audience one finding is a Year 1 habit, from the first week.
在展示中建立自信：从一年级第一周起，孩子就习惯向观众讲述自己的发现。

Year 1 in the international stream: learning in English across subjects, through questions, projects and teamwork like today's, alongside daily phonics, reading and maths. Our admissions team is here today to talk through the two pathways with you.

国际部一年级：以英语学习各学科，通过像今天这样的问题探究、项目和团队合作来学习，同时每天进行自然拼读、阅读和数学学习。招生团队今天在现场，欢迎与我们详谈两个学部的不同路径。

Try it at home tonight

今晚在家试一试

Ten minutes, no preparation. Let your child lead and use the English words from today; any answer in Chinese is fine too, just say the English word back.
十分钟，无需准备。让孩子主导，用今天学到的英语词汇；孩子用中文回答也没关系，您只需用英语把词说一遍。

1. Sorting hunt 材质寻宝 Find something at home for each word. Draw it or write it.

Feel 触感	What did you find? 你找到了什么？	Ask: "Fur, feathers or scales?" 像哪一种？
soft 柔软 like fur		
smooth 光滑 like a feather		
bumpy 凹凸 like scales		

2. Cut and sort 剪一剪，分一分 Cut out the six animals. Your child says "The dog has fur" and sticks it in the right box.

dog

chicken

fish

bear

parrot

lizard

fur 皮毛

feathers 羽毛

scales 鳞片

Sentences to use 可以用的句子: "What is it?" "It feels soft / smooth / bumpy." "The ____ has fur / feathers / scales." "Why?" "Because it is ____."
