Year 11 Admission Assessment

Version 3.1, October 2026

Name	
Date	

Welcome

These activities help us get to know you.
Do your best.
It is fine if you cannot answer every question.
Your teacher will tell you when to start each part.

How to answer

Tick one box.

Which one is a fruit? a chair ☐ an apple ☑ a bus ☐

Write your answer in the box.

12 + 8 = **20**

Show your working. You can get marks for your working, even if your answer is wrong.

Working
4 × 25 = 100, 100 + 30 = 130

The parts of this paper

Part	What you do	Time
Listening	Listen to a conversation and a talk. Answer 16 questions.	15 minutes
Reading	Read two texts. Answer the questions.	15 minutes
Writing	Write a story or an essay.	10 minutes
Break		5 minutes
Maths	Fluency, word questions and applied problems.	25 minutes
Science	Questions with pictures, tables and graphs.	8 minutes

After this paper: the Cognitive Ability Screen (a reasoning test, in a separate booklet); the Optional Sciences (a short paper for each science you choose, in another booklet); then a talk with a teacher. Your teacher will explain each part.
You may use a pencil, a rubber and a ruler. You may use a calculator **only** in Maths Section C.

Listening

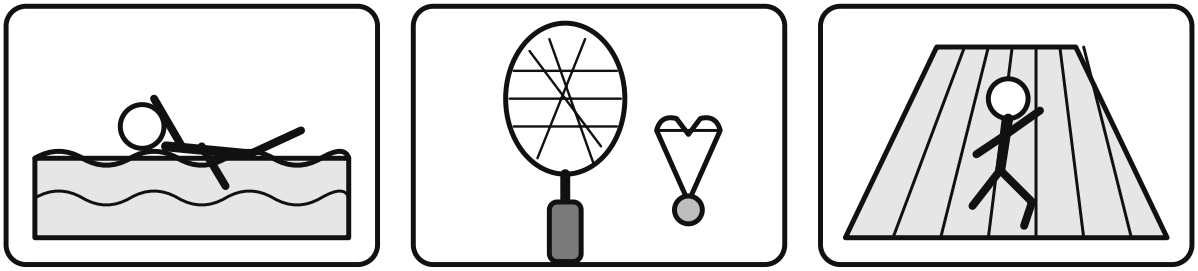

There are two parts: **A** and **B**.
Your teacher will play each part **two times**.
Listen carefully.
Before each part, you have one minute to read the questions.
You can answer while you listen, or after.

Part A

You will hear a conversation at a sports centre. **Answer** questions 1 to 8.

1 / 1

What does Li Na want to do at the sports centre?
Tick one picture.

A ☐ B ☐ C ☐

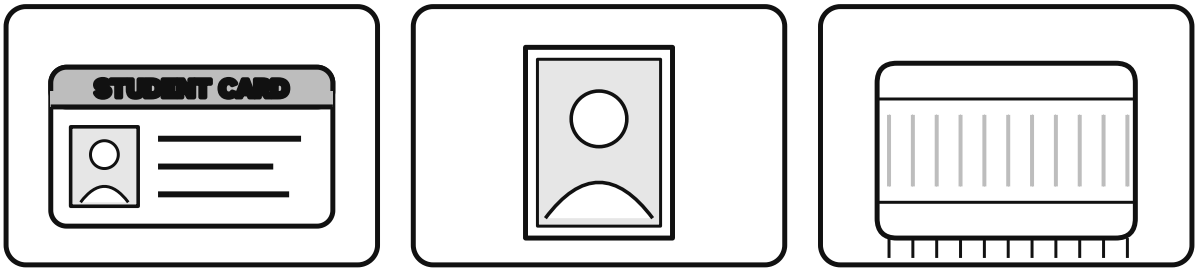

2 / 1

When is the pool closed for cleaning?
Tick one.

☐ Monday mornings ☐ Wednesday mornings ☐ Sunday evenings

3 / 1

What must Li Na bring tomorrow?
Tick one picture.

A ☐ B ☐ C ☐

4 / 1

How much is a student membership for one month? ¥ ____

5 / 1

How many lanes can members use in the evenings, after five o'clock? ____

6 / 1

What time does the pool open at the weekend? ____

7 / 1

Li Na says, "Oh no. I'd better set an alarm."
Why does she say this?

8 / 1

Why does the receptionist tell Li Na about the session on Tuesday evenings?

Part B

You will hear a talk by **Dr Lin Feng**. He is an engineer who designs buildings.
Your teacher will play the talk **two times**.
You have one minute to read questions 9 to 16 first.

9 / 1

How old must a bamboo pole be before it is cut for building?

_____ years

10 and 11 / 2

Complete the notes. **Write** one to three words in each gap.

Example: Bamboo is not a tree. It is a **grass**.

Notes: treating bamboo

10 First, the poles are soaked in a _____ for about a week.

11 Second, they are dried slowly in the _____ for two months.

12 / 1

What does "tensile strength" measure? **Tick** one.

- ☐ How heavy a material is.
- ☐ How hard you can pull a material before it breaks.
- ☐ How long a material lasts outside.
- ☐ How much a material costs.

13 / 1

How many weeks did it take to build the sports hall? _____ weeks

14 / 1

Dr Lin says that most of the engineering in a bamboo building is in the joints.
Give two reasons from the talk.

15 / 1

Some architects call bamboo "the poor man's timber".
What does Dr Lin think about these architects? **Tick** one.

- ☐ He agrees that bamboo is only for poor people.
- ☐ He thinks they criticise bamboo but are happy to be seen with his building.
- ☐ He thinks they have never seen a bamboo building.
- ☐ He thinks they should design the next sports hall.

16 / 1

What is the main purpose of Dr Lin's talk? **Tick** one.

- ☐ To persuade the school to build its bicycle shelter from bamboo.
- ☐ To explain how bamboo is used in buildings and make students think about it.
- ☐ To describe how his team built a sports hall in Guangxi.
- ☐ To warn that steel is destroying the environment.

Reading

There are two parts: **A** and **B**.

Part B is harder than Part A.

Do as much as you can. It is fine if you do not finish.

You have 15 minutes. When you finish, wait for your teacher.

Part A

Read the web page. Then **answer** questions 1 to 7.

www.sunrise-centre.example/workshops

Sunrise Community Centre Home Workshops Book Contact

Summer workshops for ages 12 to 18

Learn something new this summer. All workshops are taught in English.

Workshop	Day and time	Ages	Price	Places
Photography	Monday 9:30 to 12:00	12+	¥80	Full
Baking	Tuesday 14:00 to 16:30	12+	¥60	4 left
Robotics	Wednesday 10:00 to 12:30	14+	Free	6 left
Drama	Thursday 14:00 to 17:00	12+	¥50	10 left
First aid	Friday 9:00 to 12:00	15+	Free	8 left

How to book

- Book online by Friday 20 June. Pay when you book.
- Students with a student card pay half price.
- Photography: bring your own camera, or borrow one from us for ¥20.
- If a workshop is full, add your name to the waiting list.
- We will email you if a place becomes free.

Book now

Questions? Call 010 5555 0199

1 / 1

What time does the Robotics workshop start? _____

2 / 2

Tick the **two** workshops that are free.

- ☐ Photography
- ☐ Baking
- ☐ Robotics
- ☐ Drama
- ☐ First aid

3 / 1

Jun is 14 years old. Which workshop can he **not** join?

4 / 1

Chen Yu has a student card. How much does she pay for the Drama workshop? ¥

5 / 1

Mei wants to do Photography, but she does not have a camera. What can she do?

6 / 1

What is the last day you can book a workshop?

7 / 1

The Photography workshop is full. What should you do?

Part B

Read the story. Then **answer** questions 8 to 14.

Homing

Chen Yu had not wanted to come. Her parents were both working through the summer, and the small town where her grandfather lived had, as far as she could tell, exactly one shop, one bridge and no wifi worth the name. "Three weeks," her mother had said, in the voice that meant the matter was closed.

Her grandfather lived above a bicycle repair shop that he no longer ran. The stairs smelt of oil. On the flat roof, in a wooden loft he had built himself, he kept twenty-two pigeons. He introduced them to her on the first evening, one by one, as if they were neighbours. Chen Yu nodded politely and counted the days.

He was not a talker. Meals passed with the radio on, and when she asked questions he answered with a word or two, or simply with a look. But on the fourth morning he knocked on her door before six and said, "We're taking the birds out. You can carry the basket."

She went reluctantly. The basket was heavier than it looked, and it moved. They cycled to a field beyond the bridge, perhaps eight kilometres from the house, and he set the basket down in the wet grass and waited for the sun to clear the hills. Then he opened the lid.

The birds did not rush. They walked out, stretched and shook themselves, like people getting off a bus. Then, one after another, they went up, and in a few seconds they had become a single grey shape turning above the field. Twice they circled. Then the shape straightened and slid away towards the town.

"How do they know the way?" Chen Yu asked.

Her grandfather was already folding the basket. He did not answer.

"Will they all come back?"

He looked at her for a moment, then at the sky, and got on his bicycle.

They rode home slowly. Chen Yu's legs ached, and she found she was annoyed: with the heavy basket, with the silence, with the whole pointless business of letting birds go so that they could come back to the place they had started from. When they reached the roof, the loft was empty. He sat down on an upturned crate and poured tea from a flask. He did not look at his watch, because he did not wear one.

She meant to go inside. Instead, she stood at the edge of the roof and watched the far end of the valley, where the birds had gone. The town below was waking up; a bus coughed at the stop; somebody was shouting about fish. None of it mattered. Without deciding to, she had reached the point where the sky had become the only thing worth looking at.

They came in a loose line, low over the rooftops, and dropped one by one onto the loft. Her grandfather counted them under his breath, in the order they landed. Twenty-one.

"One's missing," Chen Yu said.

"Yes."

"Which one?"

"The young hen. The grey one with the white tail." He said it without worry, the way you might say that a friend was running late. He drank his tea. The town went on with its morning.

Chen Yu did not go inside. She scanned the sky until her eyes watered, and when at last a single bird came in from the wrong direction, flapping hard, she heard herself shout. The grey hen landed clumsily, walked into the loft and began to drink as if nothing had happened.

Her grandfather stood up and folded the crate. "Tomorrow," he said, "we go further."

Chen Yu looked at the empty sky, and then at him.

"What time?" she said.

8 / 1

Why does Chen Yu spend the summer with her grandfather?

9 / 1

"She went reluctantly." What does "reluctantly" mean? **Tick** one.

☐ happily ☐ without wanting to ☐ quickly ☐ alone

10 / 2

At the start, Chen Yu thinks the town is boring.
Give two details from the first paragraph that show this.

11 / 1

Chen Yu asks, "Will they all come back?" Her grandfather does not answer.
Why do you think he does not answer?

12 / 1

"The sky had become the only thing worth looking at."
What does this sentence tell you about how Chen Yu has changed?

13 / 1

When one bird is missing, the grandfather speaks "the way you might say that a friend was running late".
What does this show about him?

14 / 1

The story ends with Chen Yu's question, "What time?"
Why do you think the writer ends the story in this way?

Writing

Choose one task: A or B.

Tick the box for the task you choose.

Plan your ideas in the plan box. Then **write** on the lines.

You have 10 minutes. Write as much as you can.

Task A: a story ☐

Write a story that begins with this sentence:

> The box had been in the cupboard for as long as anyone could remember.

Think about: what is in the box, who opens it, and what changes because of it.

Task B: an essay ☐

Some people say:

> Every school should make its students do at least one hour of sport every day.

Do you agree? **Write** an essay for your English teacher. Give your opinion, with reasons and examples. Say what people who disagree with you might think, and answer them.

Plan

Notes and ideas (this part is not marked)

Your writing

Task A ☐ Task B ☐

Maths

You have 25 minutes. Do as much as you can.

Write your answer in the box. **Show** your working in the working box.

Your teacher can read any question to you.

Sections A and B: you may **not** use a calculator.

Section C: you **may** use a scientific calculator.

Section A: Fluency

No calculator

What the maths words mean

Simplify fully: write it as simply as you can, for example $\frac{2x + 4}{x + 2} = 2$

Surd form: keep the square root in your answer, for example $\sqrt{12} = 2\sqrt{3}$

In the form $(x + a)^2 + b$: for example $x^2 + 2x + 5 = (x + 1)^2 + 4$

Turning point: the highest or lowest point of a curve.

The *n*th term: a rule for any term of a sequence. For 3, 5, 7, 9, ... the *n*th term is $2n + 1$.

1 / 1

Simplify fully $(16x^8)^{3/4}$

2 / 1

Expand and simplify $(3 - \sqrt{2})^2$ **Give** your answer in the form $a + b\sqrt{2}$.

3 / 2

(a) **Write** $x^2 - 8x + 3$ in the form $(x - a)^2 - b$.

(b) **Write down** the coordinates of the turning point of the curve $y = x^2 - 8x + 3$.

(,)

4 / 2

Solve by factorising $3x^2 + 5x - 2 = 0$

Working

$x =$ ☐ or $x =$ ☐

5 / 2

Here is a sequence: 5, 12, 23, 38, 57, ...

Find an expression for the nth term.

Working

☐

6 / 2

Solve the simultaneous equations

$y = x + 3$

$x^2 + y^2 = 29$

Working

$x =$ ☐ , $y =$ ☐ or $x =$ ☐ , $y =$ ☐

Section B: Word questions

No calculator

The questions in this section are in words only.
Read each question carefully. Decide what to do.

Write an equation, then solve it.
Three consecutive numbers add up to 87. Find the numbers.
(Consecutive numbers come one after another, like 5, 6 and 7.)

Let the smallest number be n. The numbers are n, $n + 1$ and $n + 2$.
Equation: $n + (n + 1) + (n + 2) = 87$
Solve: $3n + 3 = 87$, so $3n = 84$, so $n = 28$.
Answer: the numbers are 28, 29 and 30.

7 / 2

The brightness of the light from a lamp is inversely proportional to the square of the distance from the lamp.
At a distance of 2 metres, the brightness is 9 units.
Work out the brightness at a distance of 6 metres.

Working

units

8 / 2

The product of two consecutive even numbers is 168.
Write an equation, then **solve** it.
Find both possible pairs of numbers.

Working

and or and

9 / 2

A box has 5 red pens and 3 blue pens.

Amir takes one pen at random and keeps it. Then he takes another pen at random.

Work out the probability that the two pens are **different** colours.

Working

10 / 2

Zhang Wei cycles from home to school.

When he cycles at 15 km/h, he arrives 4 minutes late.

When he cycles at 20 km/h, he arrives 2 minutes early.

Write an equation, then **solve** it.

Find the distance from his home to school.

Working

km

Section C: Applied problems

You may use a scientific calculator

Show your working. You can get marks for your working, even if your answer is wrong.

11

/ 2

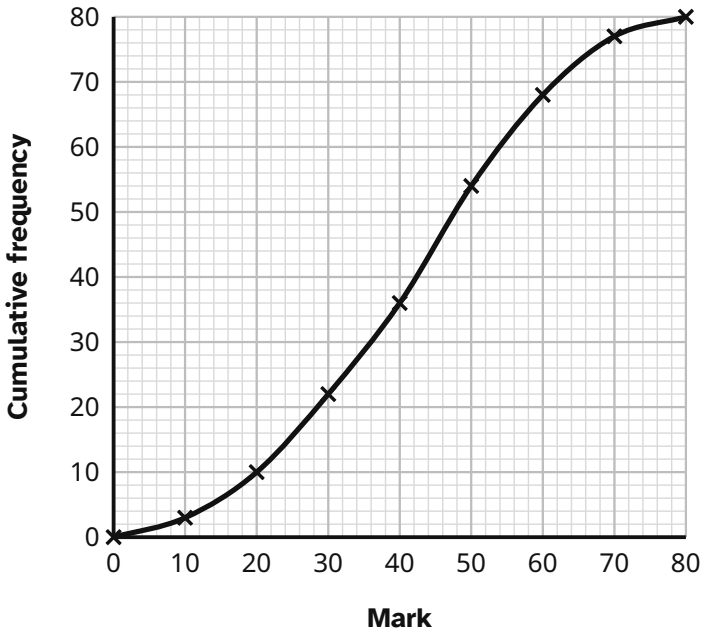

80 students took a test.
The graph shows their marks.

(a) **Find** an estimate of the median mark.

☐ marks

(b) **Estimate** how many students scored **more than** 60 marks.

☐ students

12

/ 2

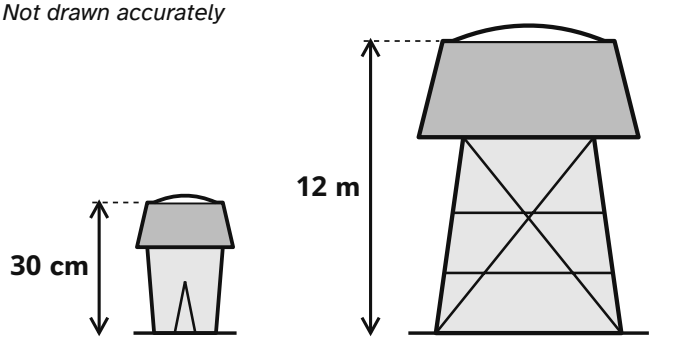

A model of a water tower is 30 cm tall.
It holds 0.5 litres of water.
The real tower is mathematically similar to the model.
It is 12 m tall.

Work out how many litres the real tower holds.

Working

☐ litres

Not drawn accurately

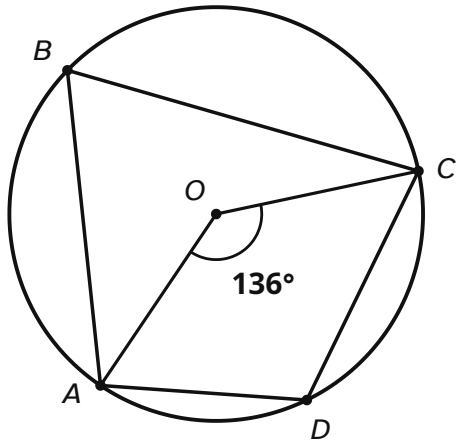

13

/ 2

A, B, C and D are points on a circle with centre O.
Angle AOC = 136°.

Not drawn accurately

(a) **Work out** angle ABC.

[ ] °

(b) **Work out** angle ADC. **Give a reason** for your answer.

[ ] °

Reason:

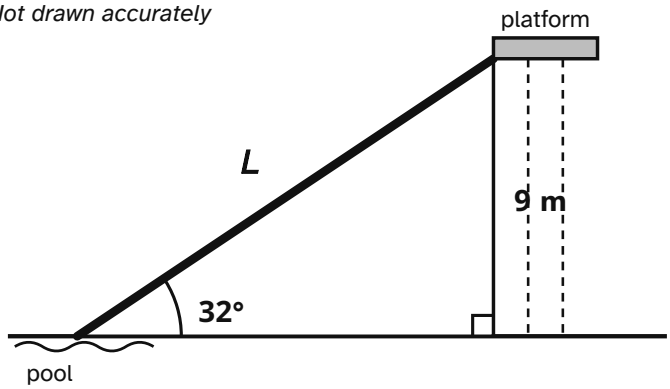

14

/ 2

The top of a water slide is 9 m above the ground.
The slide is straight and makes an angle of 32° with the ground.

Work out the length *L* of the slide.
Give your answer correct to 1 decimal place.

Not drawn accurately

Working

L = [ ] m

15 / 2

A ball is thrown straight up.
Its height, h metres, after t seconds is given by

$$h = 20t - 5t^2$$

Find the two times when the ball is **12 m** above the ground.
Give your answers correct to 2 decimal places.

Working

$t =$ ☐ s and $t =$ ☐ s

16 / 2

Li Na and Wang Hao each put ¥5000 in a savings account for 5 years.

	Interest
Li Na's account	3% per year, **compound** interest (the interest is added to the account each year)
Wang Hao's account	3.2% per year, **simple** interest (the same amount of interest every year, on ¥5000 only)

Who has more money after 5 years? **Show** how you decide.

Working

Tick one. Li Na ☐ Wang Hao ☐

Science

You have 8 minutes. Do as much as you can.
Your teacher can read any question to you.

1 / 2

The table shows the gases in the air a person breathes in and breathes out.

Gas	Air breathed in (%)	Air breathed out (%)
Nitrogen	78	78
Oxygen	21	16
Carbon dioxide	0.04	4

(a) Which gas increases the most? ☐

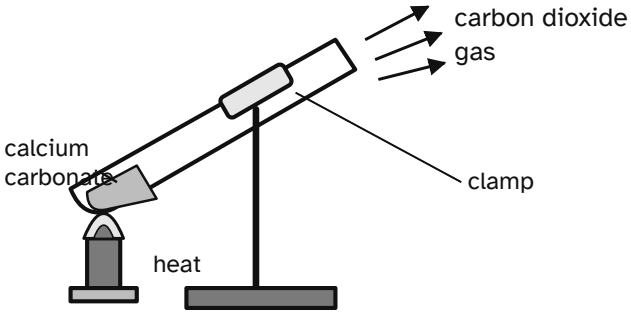

(b) **Explain** why there is less oxygen in the air breathed out.

2 / 2

Amir heats 100 g of calcium carbonate, $CaCO_3$.
It breaks down into calcium oxide and carbon dioxide:

$CaCO_3 \rightarrow CaO + CO_2$

Relative atomic masses: Ca = 40, C = 12, O = 16.

(a) **Work out** the relative formula mass of $CaCO_3$. ☐

(b) 56 g of calcium oxide is made.
What mass of carbon dioxide is made? ☐ g

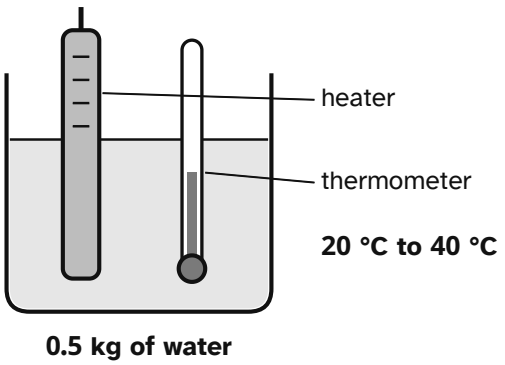

3

/ 1

A heater warms 0.5 kg of water from 20 °C to 40 °C.
The specific heat capacity of water is 4200 J/kg °C.

Work out the energy transferred to the water.

Use: energy = mass × specific heat capacity × temperature change.

[ ] J

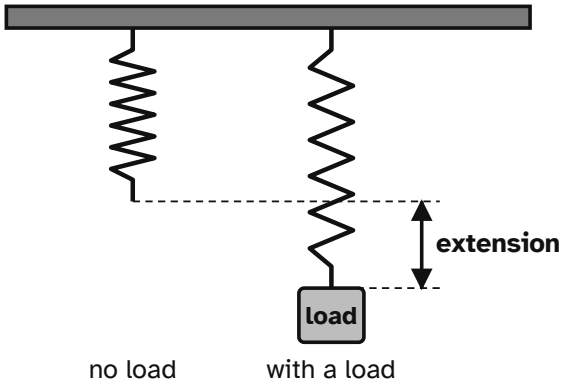

4

/ 1

Sofia hangs loads on a spring and measures the extension.

Load (N)	0	1	2	3
Extension (cm)	0	2.5	5.0	7.5

The spring is not stretched past its limit.
What will the extension be with a load of 4 N?

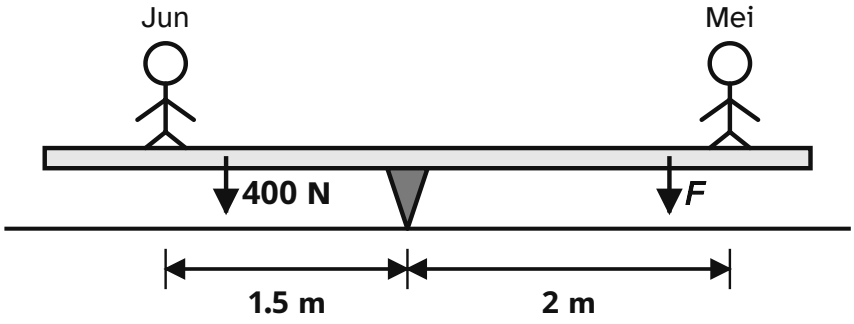

[ ] cm

5

/ 1

Not drawn accurately

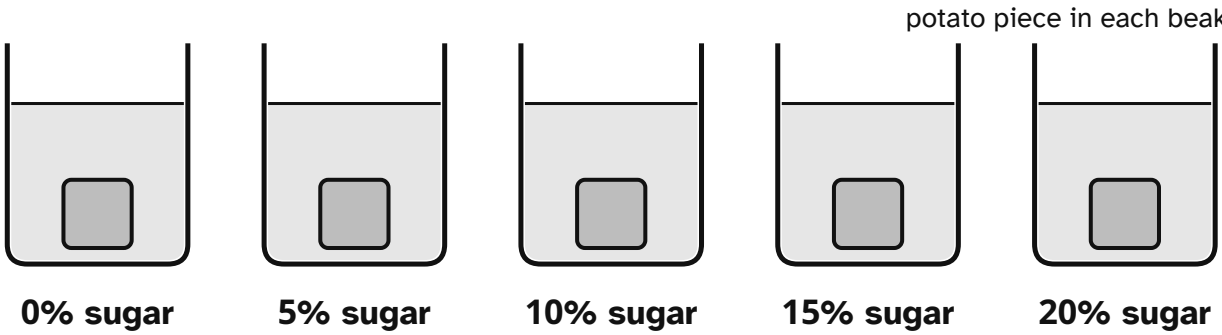

Jun and Mei sit on a seesaw. It is balanced.
Jun weighs 400 N and sits 1.5 m from the pivot. Mei sits 2 m from the pivot.

Work out Mei's weight, *F*. Use: moment = force × distance from the pivot.

[ ] N

6 / 3

Mei cuts five pieces of potato of the same size and mass.
She puts each piece in a different sugar solution for 30 minutes. Then she measures the change in mass.

Sugar solution (%)	0	5	10	15	20
Change in mass (g)	+0.6	+0.2	–0.2	–0.5	–0.9

(a) **Describe** the pattern in the results.

(b) **Write** one variable Mei must keep the same.

(c) Mei wants to find the exact concentration at which the mass does not change. **Suggest** how she could change her method to find it.

Thank you. You have finished this paper. Please wait for your teacher.

Year 11 grading sheet (version 3.1)

Candidate name		**Candidate number**	
Date of birth		**Current school**	
Date of assessment		**Assessor**	

Paper version sat: v3.1 (on the front page of the student paper). **For staff only.** Mark the student paper first (answers and mark schemes: `Y11_Assessor_Instructions_v3.1`), the screen from its guide and the optional sciences from their mark scheme. Copy the totals here and give the bands from the guide below. Reading is recorded on the **Reading front sheet** and speaking on the **Interview sheet**.

Part	Score	Band	Notes (NT, L, access arrangements, behaviour)
Listening (Part A / 8, Part B / 8)	A ___ + B ___ = ___ / 16	☐A ☐B ☐C ☐D ☐E	Part B not given? ☐
Writing (four criteria, each / 4)	content ___ vocabulary ___ grammar ___ spelling and punctuation ___ = ___ / 16	☐A ☐B ☐C ☐D ☐E	Task chosen: A B
Maths (Fluency / 10, Word questions / 8, Applied / 12)	F ___ + W ___ + A ___ = ___ / 30	☐1 ☐2 ☐3 ☐4	NT: L:
Core science (/ 10)	___ / 10	☐1 ☐2 ☐3 ☐4	NT: L:
Optional science: Biology	___ / 15 not taken ☐	☐1 ☐2 ☐3 ☐4	NT: L:
Optional science: Chemistry	___ / 15 not taken ☐	☐1 ☐2 ☐3 ☐4	NT: L:
Optional science: Physics	___ / 15 not taken ☐	☐1 ☐2 ☐3 ☐4	NT: L:
Cognitive ability screen (raw scores; no band)	Non-verbal ___ / 12 Quantitative ___ / 12 Verbal ___ / 12 Processing speed ___ / 60		Profile note:
Reading	Reading front sheet		
Speaking	Interview sheet		

Maths profile. Fluency ____ % · Word questions ____ % · Applied ____ %.

☐ Fluency much higher than word questions: was the barrier English? (A word question solved after it was read aloud or given in Chinese.)

☐ Fluency and word questions much higher than applied: needs teaching in problem solving, graph reading and giving reasons.

Second visit? ☐ Optional sciences and interview given on a second visit, date: _____

Not yet taught (NT) topics, and the likely maths and science band once taught:

Access arrangements (extra time, reader, breaks) and **behaviour and wellbeing** during the assessment:

Assessor's comment (strengths, English barrier or not, what support the student would need, anything to follow up):

Assessor signature and date _____

Readiness for joining Year 11, the second year of IGCSE (Section 6 of `Y11_Assessor_Instructions_v3.1`; read the results together first)

Decision	Tick one in each row
English course	☐ English as a Second Language ☐ First Language ☐ To decide
Maths tier	☐ Extended ☐ Core ☐ To decide
Science route	☐ Separate sciences ☐ Combined ☐ Fewer subjects ☐ To decide
Readiness	☐ Ready ☐ Ready with support ☐ Start in Year 10 ☐ Not yet
Support needed	☐ English of subjects ☐ Problem solving ☐ Content catch-up ☐ Learning support ☐ None

Subjects and first-year topics to catch up (one line per subject; the departments turn this into a plan):

Band guide at a glance (full guide and judgement notes: `Y11_Assessor_Instructions_v3.1`)

Band	Listening (/ 16)	Writing (/ 16; best fit decides)	Maths (/ 30)	Core science (/ 10)	Each optional science (/ 15)
A or **1**	Part A 0 to 2	0 to 3	1 Below expected: 0 to 10	1: 0 to 3	1: 0 to 4
B or **2**	Part A 3 to 4	4 to 7	2 Working towards: 11 to 16	2: 4 to 5	2: 5 to 7
C or **3**	Part A 5 to 6, or Part A 7 to 8 with Part B 0 to 2	8 to 10	3 Expected: 17 to 22	3: 6 to 8	3: 8 to 11
D or **4**	Part A 7 to 8 with Part B 3 to 5	11 to 13	4 Greater depth: 23 to 30	4: 9 to 10	4: 12 to 15
E	Part A 7 to 8 with Part B 6 to 8	14 to 16			

Cognitive ability screen: raw scores only, read as a profile (the guide, Sections 8 and 9). Non-verbal and quantitative 9 or more with verbal low: strong reasoning, English is the gap. Processing speed well below the other parts: consider extra time and check reading fluency. All three reasoning parts 4 or less: discuss further assessment before a decision. The screen helps to plan support; it is never used to select, and it is not a diagnosis.

Cognitive Ability Screen

Years 11 and 12. Version 3.1, October 2026

Name	
Date	

Welcome

This is not a test you can pass or fail.
It helps us plan how to support your learning.
There are four short parts. Each part is timed.
Your teacher will tell you when to start and when to stop each part.
Some questions are easy and some are hard. Nobody gets them all right.
If you are not sure, choose the answer you think is best and go on.

How to answer

Most questions have five answers, **A**, **B**, **C**, **D** and **E**.

Write the letter of your answer in the box. **B**

Some questions ask for a number.

Write the number in the box. **20**

If you change your mind, cross out your first answer and write the new one.

The parts

Part	What you do	Time
1 Non-verbal reasoning	Patterns made of shapes. 12 questions.	8 minutes
2 Quantitative reasoning	Patterns made of numbers. 12 questions.	8 minutes
3 Verbal reasoning	Patterns made of words. 12 questions.	6 minutes
4 Processing speed	Write the number for each symbol, as fast as you can.	90 seconds

You need a pencil and a rubber. You may **not** use a calculator.
Your teacher can read the instructions to you again in English.
Do not turn the page until your teacher tells you to.

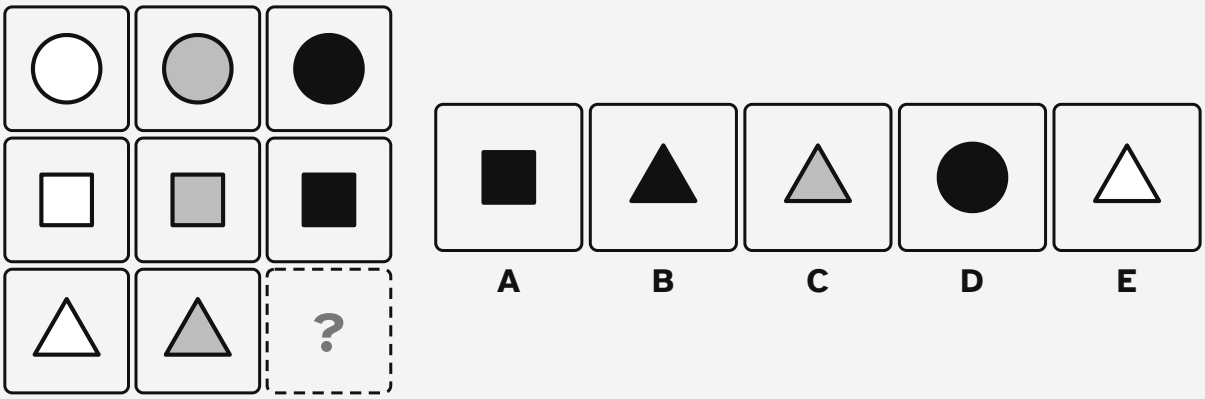

Part 1: Non-verbal reasoning

You have **8 minutes**. There are 12 questions.

Each question shows a pattern made of shapes. One figure is missing.

Choose the figure from **A** to **E** that fits the pattern. **Write** the letter in the box.

Example. Which figure goes in the empty cell?

Each row has one shape. Across each row, the colour goes white, grey, black.

So the missing figure is a **black triangle**. The answer is **B**. B

There are three kinds of question:

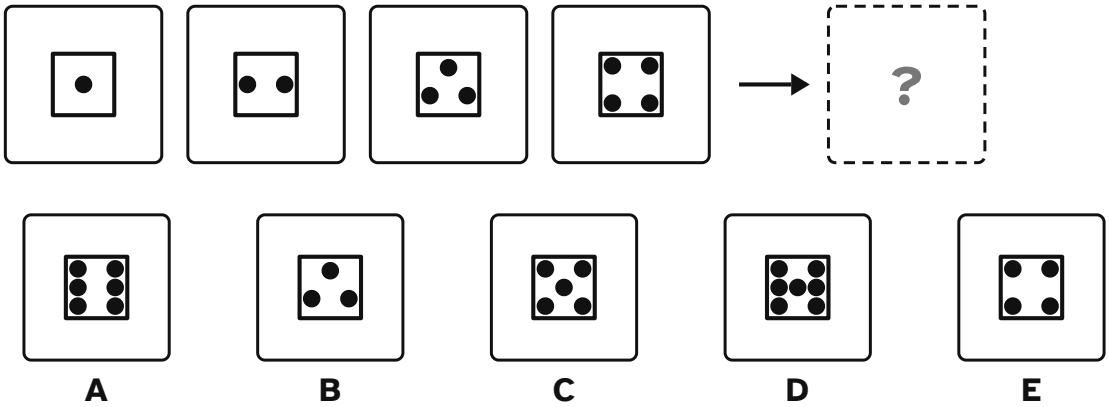

Which figure goes in the empty cell? Look across the rows and down the columns.

Which figure comes next? Look at how the figures change from left to right.

Which figure is the odd one out? Four figures follow the same rule. One does not.

1 / 1

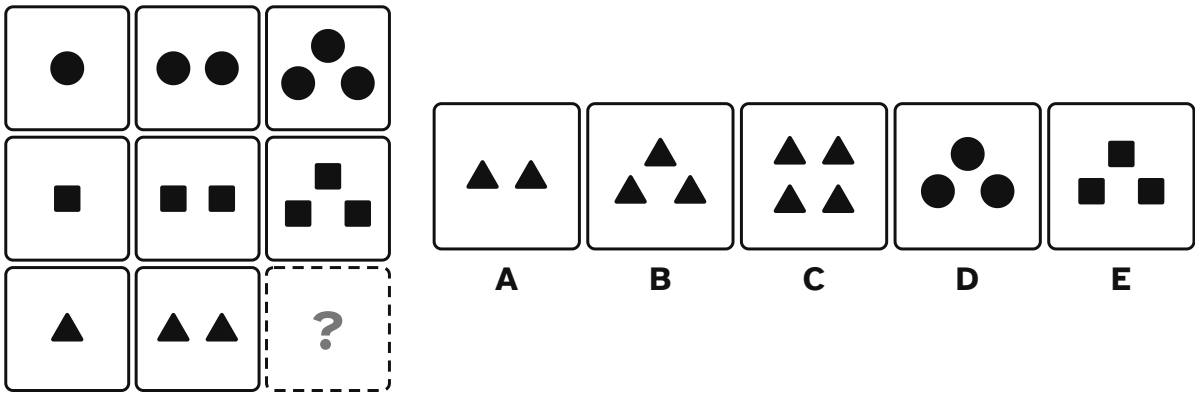

Which figure comes next?

Write the letter. ____

2 / 1

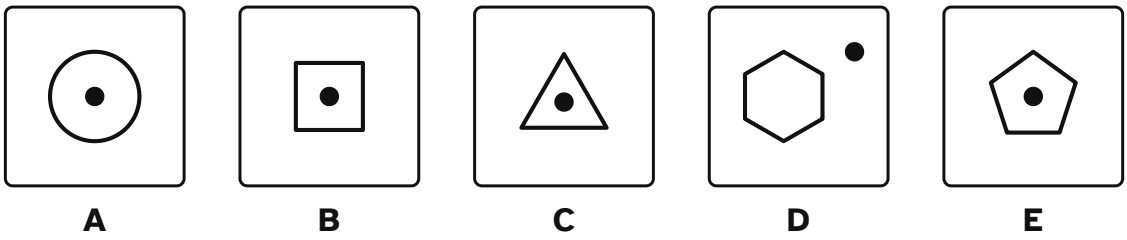

Which figure goes in the empty cell?

Write the letter. ☐

3 / 1

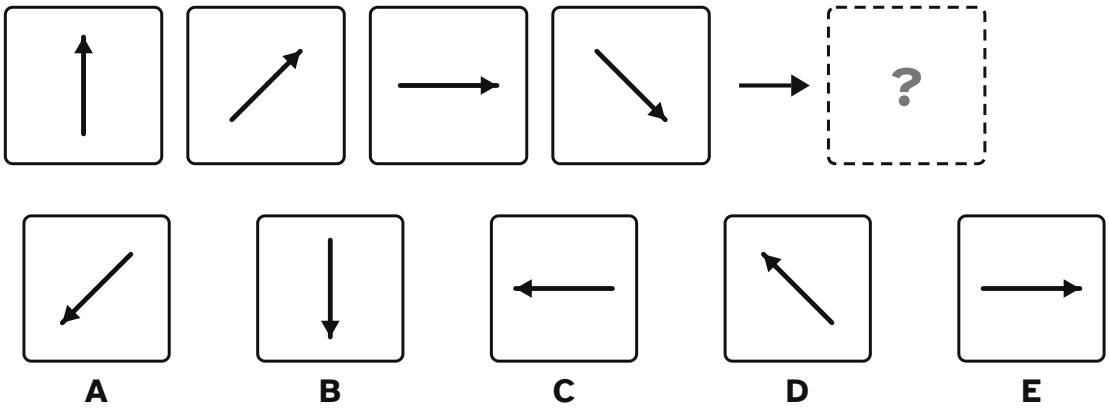

Which figure is the odd one out?

Write the letter. ☐

4 / 1

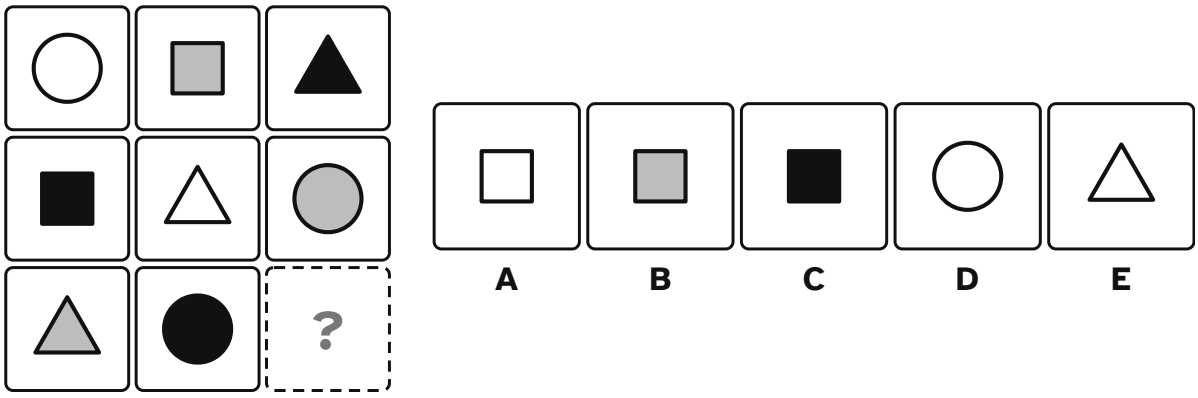

Which figure comes next?

Write the letter. ☐

5 / 1

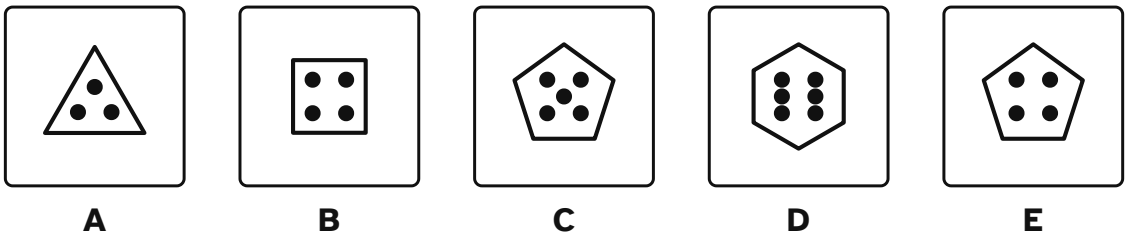

Which figure goes in the empty cell?

Write the letter. ____

6 / 1

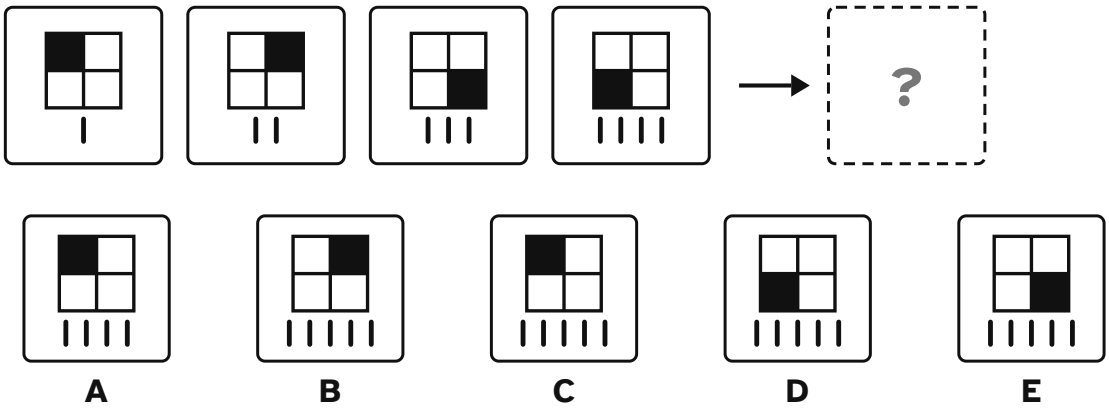

Which figure is the odd one out?

Write the letter. ____

7 / 1

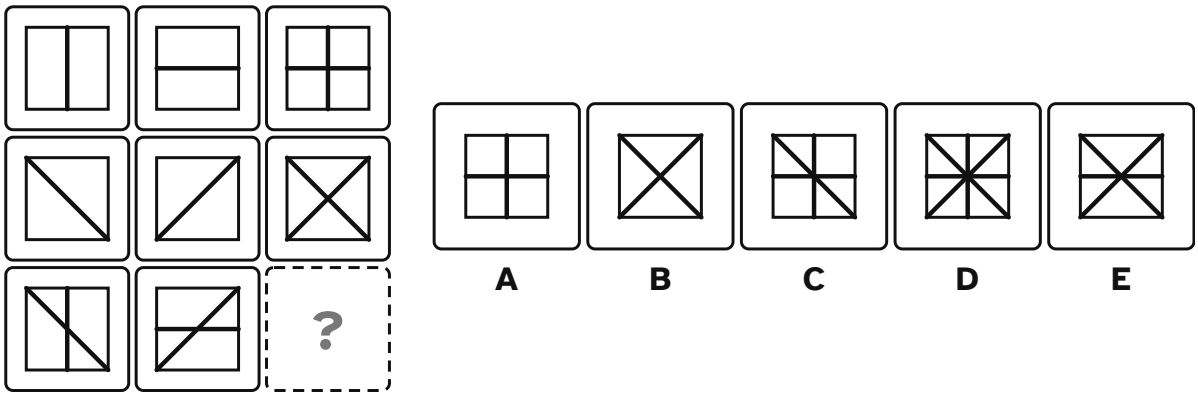

Which figure comes next?

Write the letter. ____

8 / 1

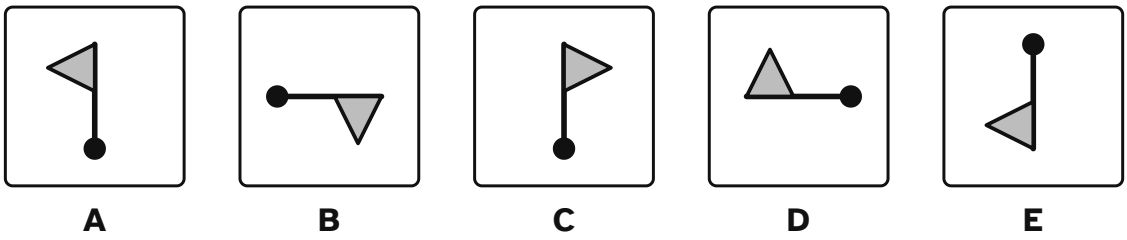

Which figure goes in the empty cell?

Write the letter. ____

9 / 1

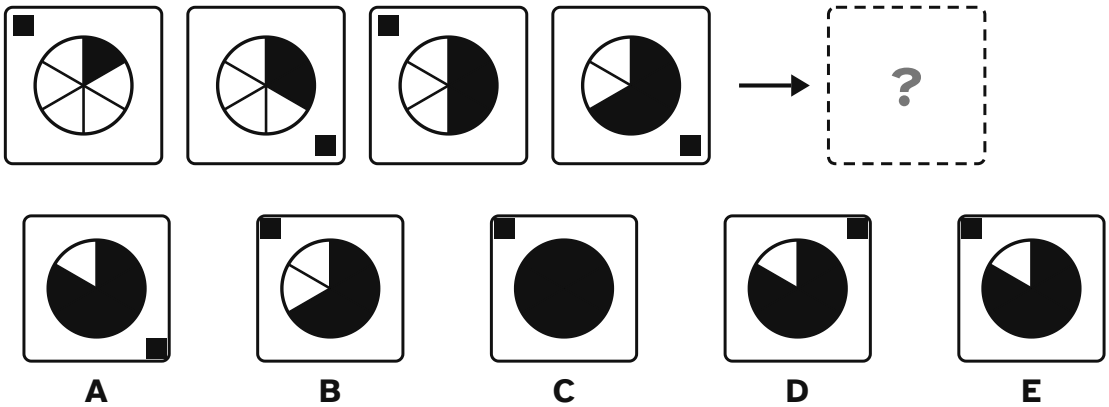

Which figure is the odd one out?

Write the letter. ____

10 / 1

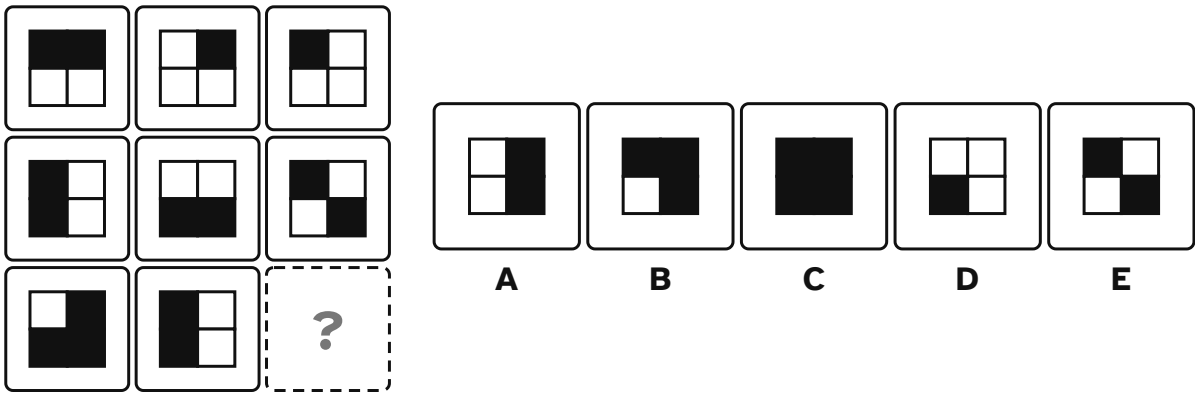

Which figure comes next?

Write the letter. ____

11 / 1

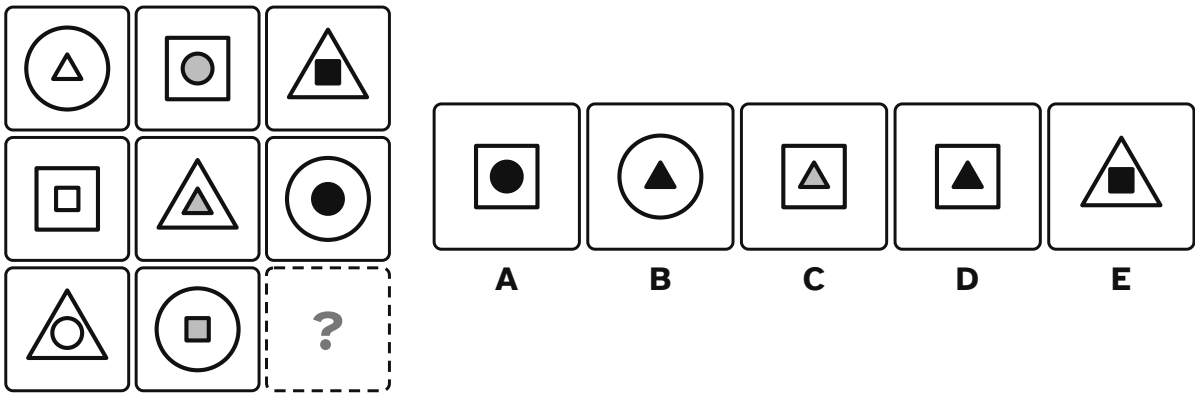

Which figure goes in the empty cell?

Write the letter. ____

12 / 1

Which figure goes in the empty cell?

Write the letter. ____

Stop. Wait for your teacher.

Part 2: Quantitative reasoning

You have **8 minutes**. There are 12 questions. **No calculator.**
Each question shows a pattern made of numbers. **Find** the rule. Then **write** the missing number, or the letter, in the box.

Example 1. Which number comes next? **3, 6, 9, 12, ?**

The numbers go up by 3 each time. The next number is **15**. **15**

Example 2. Which number is missing? **2 : 6** **4 : 12** **5 : ?**

In each pair, the second number is 3 times the first. 5 × 3 = 15. **15**

Example 3. Which number is missing? Each row follows the same rule.

1	**2**	**3**
4	**1**	**5**
2	**6**	**?**

In each row, the first two numbers add to make the third. 2 + 6 = 8. **8**

1 / 1

Which number comes next?

4, 8, 12, 16, ?

Write the number. ☐

2 / 1

Which number comes next?

50, 45, 40, 35, ?

Write the number. ☐

3 / 1

Which number is missing? The rule is the same in every pair.

6 : 3 **8 : 4** **10 : ?**

Write the number. ☐

4 / 1

Which number is missing? Each row follows the same rule.

3	**4**	**7**
6	**2**	**8**
5	**4**	**?**

Write the number. ☐

5 / 1

Which number comes next?

1, 2, 4, 8, 16, ?

Write the number. ☐

6 / 1

Which is the **largest**?

A $\frac{1}{2}$ **B** 0.6 **C** $\frac{3}{5}$ **D** 0.55 **E** $\frac{2}{3}$

Write the letter. ☐

7 / 1

Which number comes next?

2, 3, 5, 8, 12, ?

Write the number. ☐

8 / 1

Which number is missing? The rule is the same in every pair.

4 : 7 **10 : 19** **7 : ?**

Write the number. ☐

9 / 1

Which number is missing? Each row follows the same rule.

2	3	6
4	5	20
3	7	?

Write the number. ☐

10 / 1

Each shape stands for a number. The same shape is always the same number.

● + ● + ▲ = 14 ● + ▲ = 9 ▲ = ?

Write the number. ☐

11 / 1

Which number comes next?

3, 4, 8, 9, 18, 19, ?

Write the number. ☐

12 / 1

Which number is missing? The rule is the same in every pair.

3 : 10 **5 : 26** **7 : ?**

Write the number. ☐

Stop. Wait for your teacher.

Part 3: Verbal reasoning

You have **6 minutes**. There are 12 questions.
Each question is about words. **Choose** the best answer from **A** to **E**. **Write** the letter in the box.

Example 1. Day is to night as up is to ... ?

A down **B** high **C** sky **D** light **E** morning

Day and night are opposites. The opposite of up is **down**. **A**

Example 2. Which word is the odd one out?

A red **B** blue **C** green **D** cold **E** yellow

Four words are colours. **Cold** is not a colour. **D**

Example 3. Mei is taller than Jun. Jun is taller than Tom. Who is the tallest?

A Jun **B** Tom **C** Mei **D** They are the same **E** Cannot tell

Mei is taller than Jun, and Jun is taller than Tom. So **Mei** is the tallest. **C**

1 / 1

Hot is to cold as big is to ... ?

A tall **B** small **C** long **D** high **E** heavy

Write the letter. ☐

2 / 1

Which word is the odd one out?

A apple **B** orange **C** chair **D** banana **E** lemon

Write the letter. ☐

3 / 1

Bird is to fly as fish is to ... ?

A swim **B** water **C** sea **D** walk **E** eat

Write the letter. ☐

4 / 1

Li Na is older than Tom. Tom is older than Mei. Who is the youngest?

A Li Na **B** Tom **C** Mei **D** They are the same age **E** Cannot tell

Write the letter. ☐

5 / 1

Which word is the odd one out?

A happy **B** sad **C** angry **D** tall **E** afraid

Write the letter. ☐

6 / 1

Shoe is to foot as hat is to … ?

A hair **B** hand **C** coat **D** cold **E** head

Write the letter. ☐

7 / 1

All the students in Class 4 play football. Wang Hao is in Class 4.
Which sentence **must** be true?

A Wang Hao plays football. **B** Wang Hao likes football.

C Everyone who plays football is in Class 4. **D** Wang Hao plays football well.

E Wang Hao does not play basketball.

Write the letter. ☐

8 / 1

Which word is the odd one out?

A minute **B** hour **C** week **D** clock **E** year

Write the letter. ☐

9 / 1

Begin is to end as ask is to … ?

A question **B** answer **C** say **D** tell **E** speak

Write the letter. ☐

10 / 1

Three friends sit in a row. Sofia sits on the left of Amir. Jun sits on the right of Amir.
Who sits in the middle?

A Sofia **B** Amir **C** Jun **D** Nobody **E** Cannot tell

Write the letter. ☐

11 / 1

Always is to never as everything is to ... ?

A nothing **B** something **C** everyone **D** anything **E** all

Write the letter. ☐

12 / 1

If it rains, the game stops. The game did not stop.
Which sentence **must** be true?

A It rained. **B** The game was long. **C** It will rain tomorrow. **D** Cannot tell.

E It did not rain.

Write the letter. ☐

Stop. Wait for your teacher.

Part 4: Processing speed

In this part you have **90 seconds**. Work as **fast** as you can, but try not to make mistakes.
The key shows nine symbols. Each symbol has a number.

Key

○	△	□	+	×	◇	—	∨	T
1	2	3	4	5	6	7	8	9

Under each symbol there is an empty box. **Look** at the key. **Write** the number for that symbol in the box.
Go from **left to right** along each row. Do **not** skip any boxes.

Example. The circle is 1 in the key, so you write 1. The plus is 4 in the key, so you write 4.

○	+
1	4

Practice

Write the number for each symbol in these six boxes now. Use the key above. This practice is not timed.

□	○	◇	T	△	—

Your teacher will check your practice row with you.

Stop. Wait for your teacher to say "Start".

Now the timed task

Write the number for each symbol. Go from left to right along each row, then start the next row. When your teacher says **"Stop"**, put your pencil down at once.

Key	○	△	□	+	×	◊	−	V	T
	1	2	3	4	5	6	7	8	9

△	T	V	T	□	V	−	×	◊	+	×	T

V	◊	+	○	△	V	×	−	+	−	+	T

V	◊	□	○	◊	○	−	□	−	△	−	×

◊	□	×	+	T	△	○	□	◊	×	△	−

+	T	○	T	□	×	V	◊	V	○	△	□

Stop. Thank you. You have finished. Please wait for your teacher.

Year 11 Admission Assessment: Optional sciences

Version 3.1, October 2026

Name	
Date	

Which sciences?

Do only the sciences your teacher tells you to do.

Each science has 15 marks and takes 15 minutes.

Your teacher ticks the sciences you do today:

Biology ☐ **Chemistry** ☐ **Physics** ☐

How to answer

Tick one box.

Which one is a gas? ice ☐ water ☑ steam ☐

Write your answer in the box.

5 × 20 = **100**

Show your working. You can get marks for your working, even if your answer is wrong.

Working

speed = 100 ÷ 20 = 5 m/s

Write all your answers in English.

Your teacher can read any question to you in English.

Do as much as you can. It is fine if you do not finish.

Later questions may be on topics you know, so look at every question.

Science	What is in it	Marks	Time
Biology	Cells, enzymes, food, transport in plants and humans, breathing.	15	15 minutes
Chemistry	Particles, atoms, the periodic table, bonding, acids, equations and masses.	15	15 minutes
Physics	Forces, motion, density, energy, heating and cooling, waves and light.	15	15 minutes

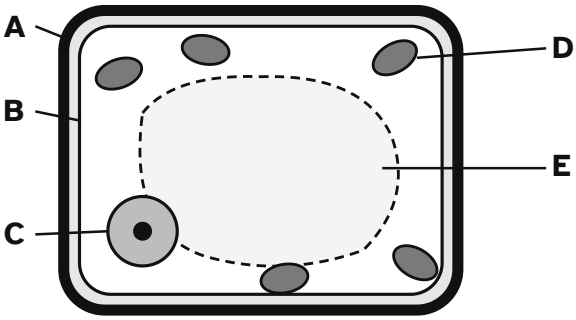

Calculator: only in Chemistry question 7 and in the whole of the Physics section.

Biology

You have 15 minutes. Do as much as you can.
Your teacher can read any question to you.
No calculator in this section.

1 / 2

This is a plant cell.

(a) Which part contains chlorophyll for photosynthesis? **Write** the letter. ____

(b) Which part controls what enters and leaves the cell? **Write** the letter. ____

2 / 2

Chen Yu tests three foods, A, B and C. The table shows the results.

Food	Iodine solution	Benedict's solution (heated)	Biuret solution
A	blue-black	stays blue	purple
B	stays orange-brown	brick red	stays blue
C	stays orange-brown	stays blue	purple

(a) Which food contains **both** starch and protein? **Write** the letter. ____

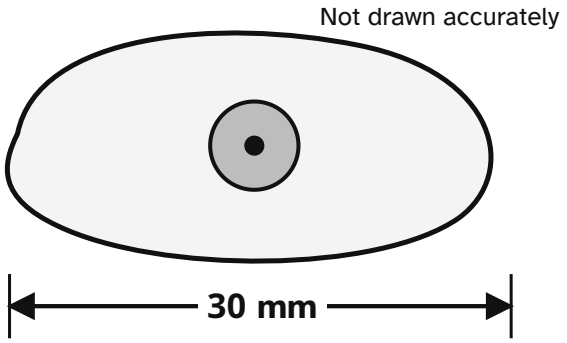

(b) Food B turns Benedict's solution brick red. What does this show about food B?

3

/ 2

This is a drawing of a cheek cell.
The drawing is 30 mm long.
The real cell is 0.05 mm long.

Work out the magnification of the drawing.
Use: magnification = length of drawing ÷ real length.

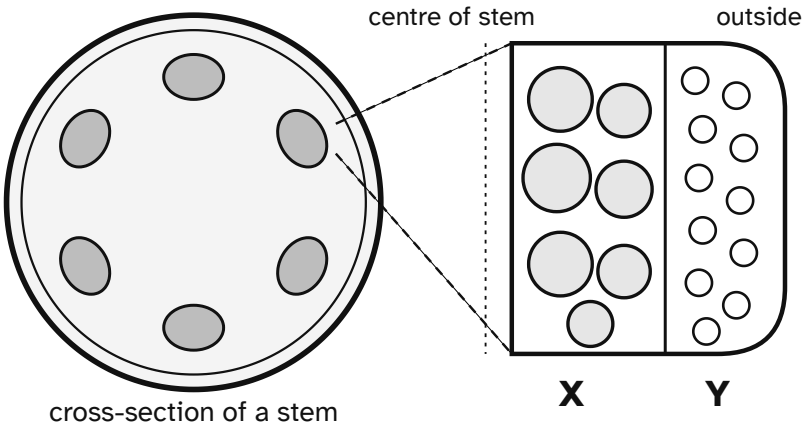

Working

Magnification = ×

4

/ 2

The diagram shows a cross-section of a plant stem. One vascular bundle is drawn larger. It has two tissues, X and Y.

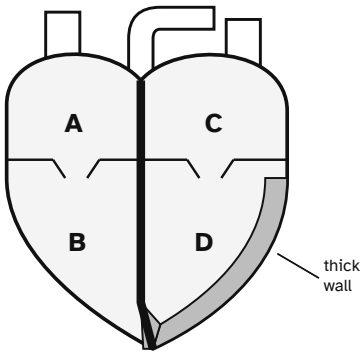

(a) Which tissue carries water from the roots to the leaves? **Write** the letter.

(b) **Name** the process in which water vapour is lost from the leaves.

5

/ 2

The diagram shows the human heart from the front.
The left side of the heart is on the **right** of the diagram.

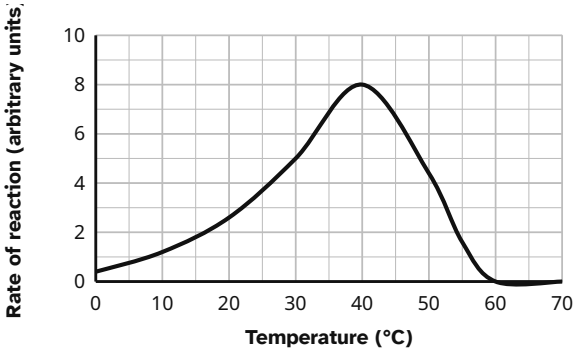

(a) Which letter is the left ventricle? ☐

(b) Which chamber pumps blood to the lungs? **Write** the letter. ☐

6

/ 3

The graph shows how temperature affects an enzyme-controlled reaction.

(a) At which temperature does the enzyme work fastest? ☐ °C

(b) **Explain** why the rate of reaction is zero at 60 °C.

7

/ 2

Mei counts her breaths in one minute, at rest and after running, three times each.

	Trial 1	Trial 2	Trial 3	Mean
At rest (breaths per minute)	14	16	15	15
After running (breaths per minute)	29	31	45	

(a) One result after running is anomalous (it does not fit the pattern). **Circle** it in the table.

(b) **Work out** the mean breathing rate after running. Leave out the anomalous result.

☐ breaths per minute

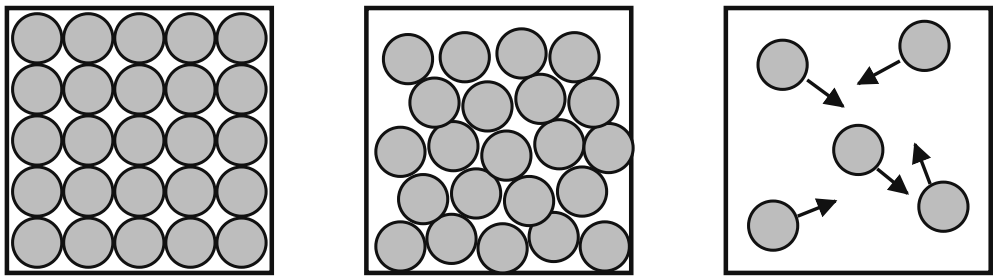

Stop. This is the end of Biology. Wait for your teacher.

Chemistry

You have 15 minutes. Do as much as you can.
Your teacher can read any question to you.
You may use a calculator in **question 7 only**.

1 / 1

The diagrams show the particles in a substance in three states.

A **B** **C**

Which diagram shows a gas? **Write** the letter. ____

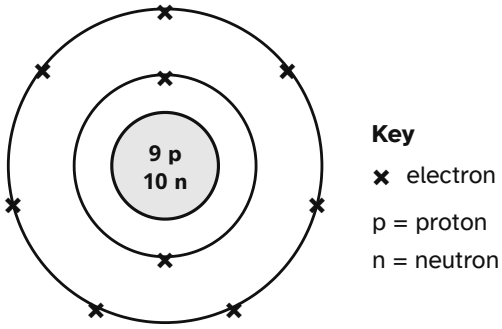

2 / 2

This diagram shows an atom of an element.

(a) What is the **mass number** of this atom?

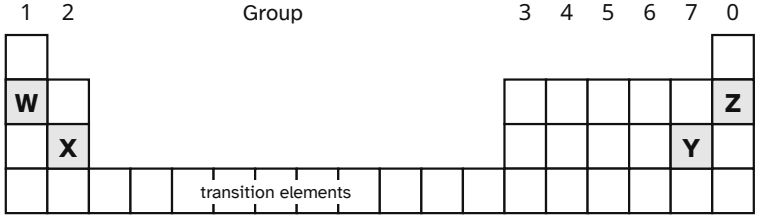

____

(b) Which **group** of the periodic table is this element in? ____

3 / 2

This is an outline of part of the periodic table. Four elements are marked with letters. The letters are not the symbols of the elements.

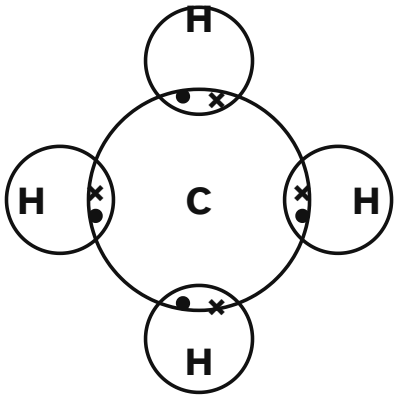

(a) Which letter is a noble gas? ____

(b) Which letter is a metal that reacts very quickly with water? ____

4 / 2

This is a dot-and-cross diagram of a molecule of methane, CH_4.

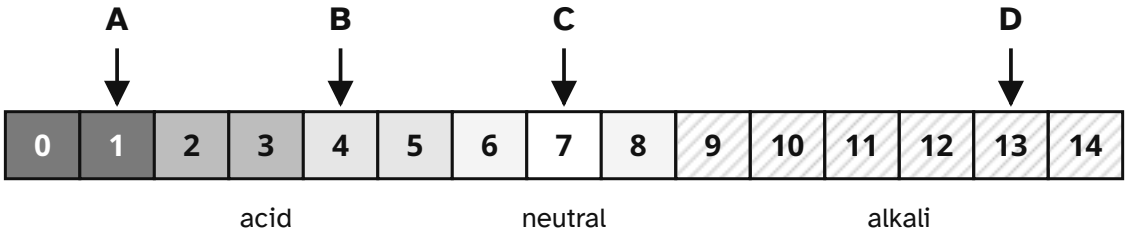

(a) What **type of bonding** holds the atoms together in methane? [ ]

(b) How many **pairs of electrons** are shared in one molecule of methane? [ ]

5 / 2

The pH of four solutions, A, B, C and D, is shown on the scale.

(a) Which solution is the most alkaline? **Write** the letter. [ ]

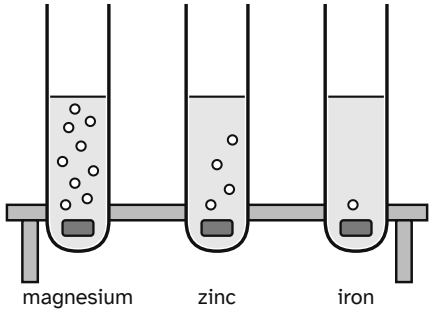

(b) Solution A is hydrochloric acid. **Complete** the word equation.

hydrochloric acid + sodium hydroxide → [ ] + water

6

/ 2

Li Na puts a piece of a metal into dilute hydrochloric acid and counts the bubbles of gas in one minute. She does this for three metals.

Metal	Trial 1	Trial 2	Trial 3
magnesium	58	61	60
zinc	24	26	25
iron	6	7	5

(a) Which variable does Li Na **change** in this investigation?

(b) **Write** one variable Li Na must keep the same.

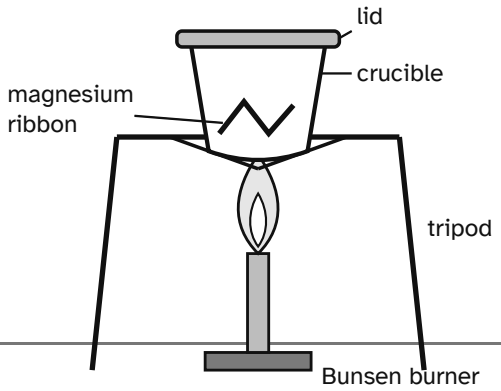

7

/ 4

You may use a calculator in this question.

Zhang Wei heats 12 g of magnesium in a crucible. It burns and makes magnesium oxide.

$$2Mg + O_2 \rightarrow 2MgO$$

(a) **Explain** why the mass of the solid in the crucible is **greater** after heating.

(b) **Work out** the mass of magnesium oxide made from 12 g of magnesium.
Relative atomic masses: Mg = 24, O = 16.

Working

Mass of magnesium oxide = g

Stop. This is the end of Chemistry. Wait for your teacher.

Physics

You have 15 minutes. Do as much as you can.
Your teacher can read any question to you.
You may use a calculator in this section.

Formulae you may need

speed = distance ÷ time

acceleration = change in speed ÷ time

weight = mass × g (g = 10 N/kg)

gravitational potential energy = mass × g × height

power = energy ÷ time

efficiency = useful energy out ÷ total energy in

density = mass ÷ volume

pressure = force ÷ area

work done = force × distance

kinetic energy = ½ × mass × speed^2

wave speed = frequency × wavelength

resultant force = forces one way minus forces the other way

1 / 1

Two forces act on a box.

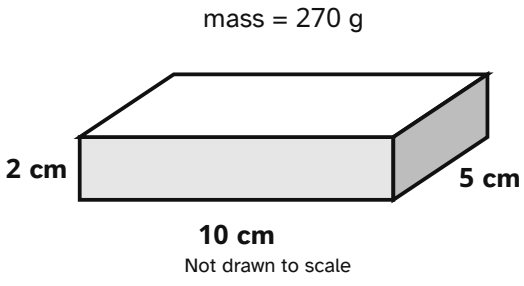

Not drawn to scale

Write the size and direction of the resultant force. ____ N, to the ____

2 / 2

A metal block is 10 cm long, 5 cm wide and 2 cm high.
Its mass is 270 g.

Work out the density of the metal.

Not drawn to scale

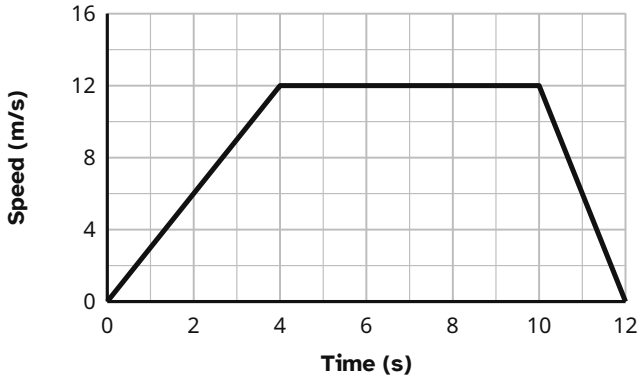

Working

Density = ____ g/cm^3

3

/ 3

Tom rides an electric scooter. The graph shows his speed for 12 seconds.

(a) **Describe** Tom's motion between 4 s and 10 s.

(b) **Work out** Tom's acceleration in the first 4 seconds.

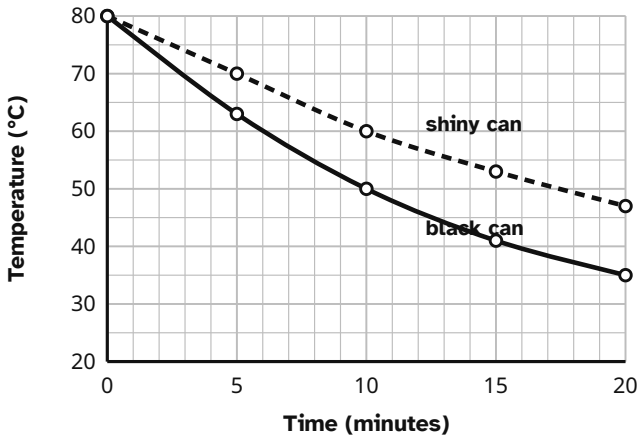

Working

Acceleration = ☐ m/s²

4

/ 2

Sofia fills two identical metal cans with hot water. One can is painted black; the other is shiny. She measures the temperature of the water every 5 minutes.

(a) What is the temperature of the water in the **black** can after 10 minutes? ☐ °C

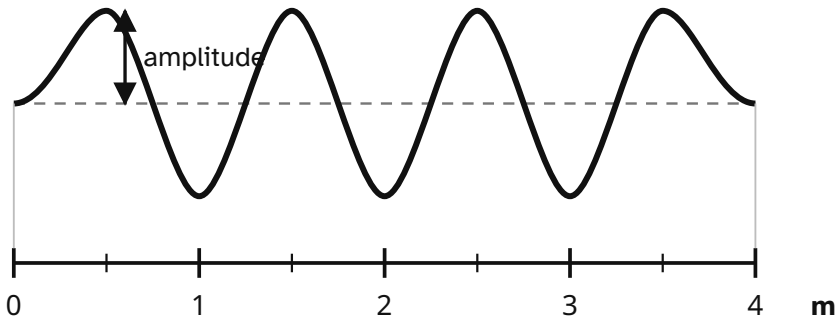

(b) Which surface is the better **emitter** of thermal radiation? **Tick** one box.

black ☐ shiny ☐

5

/ 2

The diagram shows a wave on a rope.

(a) What is the **wavelength** of the wave? ☐ m

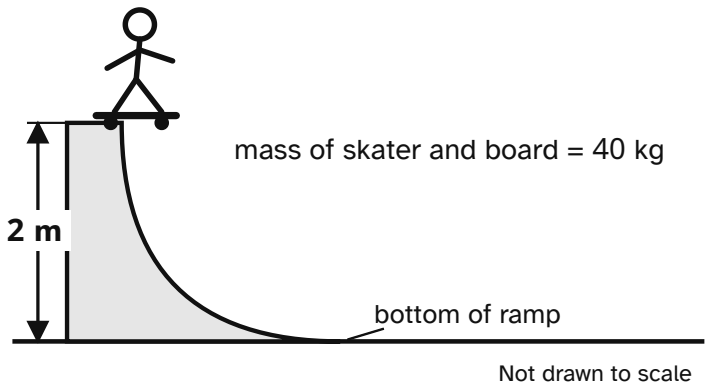

(b) The frequency of the wave is 5 Hz. **Work out** the speed of the wave.

☐ m/s

6

/ 3

Wang Hao and his skateboard have a mass of 40 kg.
He stands at the top of a ramp, 2 m above the ground.

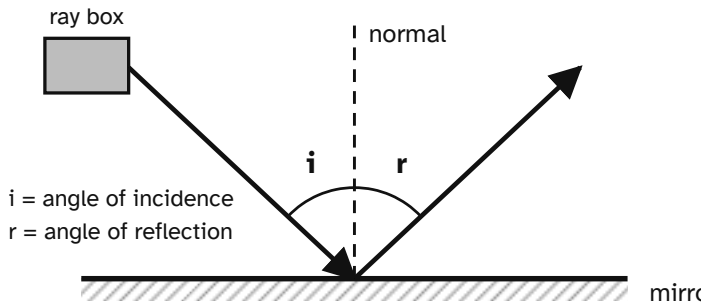

(a) **Work out** his gravitational potential energy at the top of the ramp. Use g = 10 N/kg.

☐ J

(b) At the bottom of the ramp his kinetic energy is 650 J.
Explain why his kinetic energy at the bottom is less than his gravitational potential energy at the top.

7 / 2

Aisha investigates reflection in a plane mirror. She shines a ray of light at the mirror and measures the angles.

Angle of incidence, i	Angle of reflection, r
20°	20°
30°	31°
40°	40°
50°	49°

(a) **Write** a conclusion from these results.

(b) Two of the results do not fit the conclusion exactly. **Suggest** one way Aisha could make her measurements more accurate.

Stop. This is the end of Physics. Thank you. Wait for your teacher.

Reading front sheet: reading levels and sentence reading

Candidate name		**Candidate number**	
Year group applied for		**Date of birth**	
Age today (years:months)		**Date**	

For staff only. One sheet for each candidate, all year groups. The assessor fills in Part 1 and gives this sheet to the interviewer (usually the principal) before the interview. The interviewer, or in Years 1 to 3 the assessor, runs the sentence reading with `Sentence_Reading_Guide` and records it in Part 2. Part 3 gives the reading result for the final mark sheet.

1. Reading levels so far (the assessor fills this in)

Item	Details
Handed over by, and time	Handed over by _____ at _____ Received by _____
Years 1 to 3: Early Reading Screen (its Sheet 13)	Letter sounds ___ / 26 and ___ / 18 Phonics words ___ / 40 Tricky words ___ / 20 Book band _____ (Oxford Level ___) Accuracy ___ % Questions ___ / ___
Years 4 to 6: reading paper	Part A ___ / 8 Part B ___ / 8 Part C ___ / 8 Total ___ / 24
Years 7 to 12: reading paper	Part A ___ / 8 Part B ___ / 8 Total ___ / 16 Stopped at 15 minutes at question ___
Reading band so far	☐ A ☐ B ☐ C ☐ D ☐ E
Sentence reading starts at	☐ the level for the year group (table below) ☐ Level 1, because the student is new to English
Tell the interviewer	(for example: shy, needs more time, stopped early, anxious about English)

Year group	1	2	3	4	5	6	7	8	9	10	11	12
Start at level (first sentence)	1 (1)	1 (1)	2 (4)	3 (7)	4 (10)	5 (13)	6 (16)	7 (19)	8 (22)	9 (25)	9 (25)	9 (25)

2. Sentence reading (Graded Sentence Reading Screen)

Run by: ☐ interviewer ☐ assessor (Years 1 to 3, after the Early Reading Screen). Write 2, 1 or 0 for each sentence (none, one, two or more errors), then the meaning check and the level total. **Levels below the start level:** write 6 in the total if the student scored 6 out of 6 on the start level (guide, Section 1). **Stop** at the end of a level with 2 points or fewer, after three 0s in a row, or if the student is upset.

Level	Sentence a	Sentence b	Sentence c	Meaning check	Level total
1 (sentences 1 to 3)				☐ ✓ ☐ ½ ☐ ✗	/ 6
2 (4 to 6)				☐ ✓ ☐ ½ ☐ ✗	/ 6
3 (7 to 9)				☐ ✓ ☐ ½ ☐ ✗	/ 6
4 (10 to 12)				☐ ✓ ☐ ½ ☐ ✗	/ 6
5 (13 to 15)				☐ ✓ ☐ ½ ☐ ✗	/ 6
6 (16 to 18)				☐ ✓ ☐ ½ ☐ ✗	/ 6
7 (19 to 21)				☐ ✓ ☐ ½ ☐ ✗	/ 6
8 (22 to 24)				☐ ✓ ☐ ½ ☐ ✗	/ 6
9 (25 to 27)				☐ ✓ ☐ ½ ☐ ✗	/ 6
10 (28 to 30)				☐ ✓ ☐ ½ ☐ ✗	/ 6
11 (31 to 33)				☐ ✓ ☐ ½ ☐ ✗	/ 6
12 (34 to 36)				☐ ✓ ☐ ½ ☐ ✗	/ 6

Errors, what the student said when you are not sure, and **patterns noticed** (S substitution, O omission, I insertion, T told; SC self-correction is not an error). Patterns such as missing -ed or -s endings, or pinyin letter values, are useful evidence:

---

3. Result (copy to the final mark sheet)

Measure	Result
Total points (including 6 for each level below the start level that was not read)	___ / 72
Reading age (5:00 plus 2 months for every point: 6 points = 6:00, 12 = 7:00, 30 = 10:00, 60 = 15:00, 72 = 17:00)	_____ : _____
Actual age (years:months) and difference (reading age minus actual age)	Actual _____ : _____ Difference _____ months
Meaning checks (levels asked, how many ✓)	___ asked, ___ ✓
Fluency on the last level read with 4 or more points (1 word by word, 2 two or three words, 3 sensible phrases, 4 smooth)	☐1 ☐2 ☐3 ☐4
Indicative reading band from the sentence reading (table below)	☐A ☐B ☐C ☐D ☐E
Reading band for the final mark sheet (the Early Reading Screen in Years 1 to 3, the reading paper in Years 4 to 12; if it differs from the sentence reading by more than one band, say why)	☐A ☐B ☐C ☐D ☐E

Band from the reading age (the full guide and the notes are in `Sentence_Reading_Guide`)

Reading age compared with actual age	Years 3 to 5	Years 6 to 12	Band
At or above actual age, or close below it	up to 6 months below	up to 12 months below	**E**
Below	7 to 12 months below	13 to 24 months below	**D**
Well below	13 to 24 months below	25 to 42 months below	**C**
Far below	25 to 36 months below	43 to 60 months below	**B**
Very far below, or Level 1 not secure	more than 36 months below	more than 60 months below	**A**

Years 1 and 2: use the reading age as supporting evidence only. If the meaning checks on the last two levels read are mostly ✗, move the band down one (decoding ahead of understanding).

Interview sheet: Years 11 and 12

Candidate name		**Candidate number**	
Year group applied for		**Date**	
Interviewer		**Others present**	

Questions and descriptors: `forms/Interviewer_Guide_Y11_Y12`. Sentence reading is recorded on the Reading front sheet. For staff only.

Speaking and listening

Speaking band: ☐A ☐B ☐C ☐D ☐E

Listening in conversation (how much of your English they understood): ☐A ☐B ☐C ☐D ☐E

Notes on pronunciation and intelligibility (pronunciation features of a speaker of Chinese do not lower the band if the student is easy to understand):

Key things the student said (their own words, and how they said it)

Suitability

1 Concern, **2** Some concern, **3** Good, **4** Strong.

Strand	Rating	Evidence (a short quotation or what you saw)
Attitude to learning and resilience	☐1 ☐2 ☐3 ☐4	
Curiosity and engagement	☐1 ☐2 ☐3 ☐4	
Social and emotional readiness	☐1 ☐2 ☐3 ☐4	
Independence and self-management	☐1 ☐2 ☐3 ☐4	
Values and conduct	☐1 ☐2 ☐3 ☐4	
Readiness for English-medium learning	☐1 ☐2 ☐3 ☐4	
Clarity and ownership of future plans	☐1 ☐2 ☐3 ☐4	
Independent study and readiness for post-16 work	☐1 ☐2 ☐3 ☐4	
Boarding readiness (only if the student will board)	☐1 ☐2 ☐3 ☐4	

Anything to follow up

Area	Tick	Notes
Possible special educational need or disability (for example reading, attention, speech, hearing, vision)	☐	
Wellbeing (for example anxiety, low mood, very heavy workload, sleep)	☐	
Safeguarding (passed to the Designated Safeguarding Lead the same day)	☐	
Medical or dietary	☐	
Mismatch between the student's wishes and the family's plans	☐	

Receiving homeroom teacher (optional)

First impressions, and what the student would need in the first weeks:

Interviewer's comment for the final mark sheet

Strengths, concerns, support:

Interviewer signature and date _____

Parent conversation record

Candidate name	
Year group applied for	
Date	
Staff member	
Parents or carers present	
Language used (and interpreter if any)	

About 15 minutes. Hold it while the student does the written tasks with another adult, or straight after. Use the family's preferred language; a Chinese-speaking colleague should lead or interpret if the staff member does not speak Chinese. The aim is a two-way conversation: to understand the child and the family's hopes, to explain how the international programme works, and to check that what the family wants matches what the school offers. Do not discuss the assessment results on the day.

1. Why the international programme?

Question	Notes
Why are you looking for a place in the international programme, and why now?	
What do you know about how the programme works (lessons in English, the UK-style curriculum, assessment, homework, activities)?	
Whose idea is the move, and how does your child feel about it?	

2. Schooling so far

Question	Notes
Schools attended, years, and type (Chinese mainstream, bilingual, international, overseas)	
Any year repeated or skipped? Any long gaps?	
Why is the child leaving their current school?	
Student registration (学籍): where is it held now, and what will happen to it? (admissions office to give the school's position)	
School reports, certificates and any assessments the family can share	

3. Languages

Question	Notes
Which languages are spoken at home, and by whom?	
How has the child learnt English so far (school lessons from which grade, classes outside school, tutor, online, time abroad, English-speaking carer)? About how many hours a week?	
Does the child read in English at home? In Chinese?	
How will the family support English at home (reading, media, activities), and support Chinese if that matters to the family?	

4. Learning, health and development

Ask gently and explain why: the school wants to have the right support ready from the first day.

Question	Notes
What is your child good at? What do they enjoy most?	
Has any teacher or doctor ever raised a concern about learning, speech and language, attention, behaviour, hearing or vision? Any assessments or reports?	
Any extra help at the current school?	
Medical conditions, allergies, medication (also on the school medical form)	
For young children: speech in Chinese for their age, toilet and self-care, sleep	

5. Wellbeing and the week

Question	Notes
How would you describe your child's personality? How do they cope with change?	
Friendships: does your child make friends easily?	
A typical weekday and weekend: after-school classes, tutoring, sport, music, screen time, sleep	
Any big changes in the family recently (a move, a new baby, a parent working away)? Share only what you are comfortable sharing.	

6. Expectations and partnership

Question	Notes
What would make this a successful first year for your child?	
What do you expect from the school (homework, reports, communication, class rankings, exam results)? Explain how the school reports progress and how it communicates.	
How does the family feel about co-curricular activities, sport, arts, service and wellbeing as part of education, not just exam subjects?	
Learning in a new language takes time: explain what is typical (social English often within one to two years; the English needed for academic work often takes several years) and how the school supports it. How does the family feel about this?	
How would the family like to be involved (events, meetings, volunteering)?	

7. Future plans

Question	Notes
What are your hopes for your child in the long term (university, country, career)?	
Do you plan to stay in the international programme through to the end of school?	
Explain the programme's pathway (for example IGCSE, then the sixth form programme) and how it differs from the 中考 and 高考 route, using the admissions office's wording. Does the family understand that moving back to the national exam route later may not be straightforward?	
Year 10 applicants: which IGCSE subjects does the student hope to take? Explain that IGCSE is a two-year course starting in Year 10.	

8. Boarding (only if the child will board)

Question	Notes
Has the child stayed away from home before (camps, boarding, family)? How did it go?	
How independent are they with daily routines, sleep and belongings?	
How will the family keep in touch, and how often will the child go home?	

9. Questions from the family

10. Staff view

	Rating	Notes
Match between the family's expectations and what the programme offers	☐1 ☐2 ☐3 ☐4	
Family's willingness to work in partnership with the school	☐1 ☐2 ☐3 ☐4	
Information to follow up (reports, medical, assessments, 学籍)		

1 Concern, **2** Some concern, **3** Good, **4** Strong.

Consent. The parent or carer agrees that the school may contact the current school (homeroom teacher) for a reference: **Yes** ☐ **No** ☐

Parent or carer signature _____

Staff signature and date _____

Final mark sheet: candidate summary and decision

Candidate name		**Candidate number**	
Year group applied for		**Date of birth**	
Current school		**Date of assessment**	

Paper version sat: _____ (v3.1; on the front page of the student paper). Complete within two working days from the **grading sheet**, **Reading front sheet**, **Interview sheet**, parent conversation record and homeroom teacher reference. This is the one overview that the head of section reads and that goes into the admissions system. The bands guide a professional decision; they are not a pass mark (guide, Sections 6 to 9).

1. English profile

Skill	Evidence (copy the scores)	Band
Listening	Grading sheet: ___ / ___ ; listening in conversation (Interview sheet)	☐A ☐B ☐C ☐D ☐E
Speaking	Interview sheet (and picture talk on the grading sheet, Years 1 to 3)	☐A ☐B ☐C ☐D ☐E
Reading	Reading front sheet. Years 1 to 3: book band _____ accuracy ___% questions ___ ; phonics ___ / 40 ; letters ___ / 26 and ___ / 18 ; tricky words ___ / 20. Years 4 to 6: paper ___ / 24. Years 7 to 12: paper ___ / 16	☐A ☐B ☐C ☐D ☐E
Reading aloud	Sentence reading (Reading front sheet): points ___ / 72 ; reading age _____ ; actual age _____ ; meaning checks ___ ; fluency ___	indicative ☐A ☐B ☐C ☐D ☐E
Writing	Grading sheet: ___ / 16	☐A ☐B ☐C ☐D ☐E
Overall English	The band most of the four skills sit in. If one skill is two or more bands below the others, say which.	☐A ☐B ☐C ☐D ☐E

A New to English, **B** Early acquisition, **C** Developing competence, **D** Competent, **E** Fluent (comparable to a fluent English speaker of the same age).

2. Maths and science

	Score	Band	Number problems (Years 7 to 12: fluency) / word problems (word questions) / applied (Years 7 to 12)	Not yet taught (NT) and language support (L)
Maths	___ / ___	☐1 ☐2 ☐3 ☐4	___ / ___ ___ / ___ ___ / 12	
Science (Years 5 to 10)	___ / ___	☐1 ☐2 ☐3 ☐4		

1 Well below expected (Years 7 to 12: below expected), **2** Working towards, **3** Expected, **4** Greater depth. The Years 7 to 12 papers are harder, so their boundaries are lower. Strong number problems with weak word problems may be an English barrier, not a maths difficulty. Years 7 to 12: strong fluency and word questions with weak applied problems means teaching in problem solving, not more content. NT questions score 0: say whether the student is likely to reach the expected band once taught.

Years 10 and 11: readiness for IGCSE (grading sheet; Section 6 of the year's instructions). English course: ☐ First Language ☐ English as a Second Language ☐ to decide. Maths tier: ☐ Extended ☐ Core ☐ to decide. Overall: ☐ Ready ☐ Ready with support ☐ Not yet ☐ (Year 11) start in Year 10.

Years 11 and 12: optional sciences and cognitive ability screen (grading sheet). Biology ___ / 15 band ___ Chemistry ___ / 15 band ___ Physics ___ / 15 band ___ (blank if not taken). Cognitive screen: non-verbal ___ / 12 quantitative ___ / 12 verbal ___ / 12 processing speed ___ / 60. Profile note: _____ (for planning

support, never for selection). **Year 12: readiness for A Level** (Section 6 of the Year 12 instructions): ☐ Ready ☐ Ready with support ☐ Pre-A Level year advised ☐ Not yet.

3. Suitability

Source	Summary	Concerns (any strand rated 1)
Interview sheet (strands rated 1 to 4)		
Parent conversation (match of expectations, partnership)		
Previous homeroom teacher reference		
School reports and documents		
Follow-ups (special educational needs, wellbeing, medical, safeguarding referral made)		

4. Recommendation

Use the decision guide in `00_Admissions_Guide.md`, Section 9. Tick one.

	Recommendation
☐	**Offer.** Ready to join the year group with normal class support.
☐	**Offer with English support.** Ready academically; needs a planned English programme (state the level below).
☐	**Offer with a learning plan.** Needs catch-up in named maths or science topics, or other planned support; review date set.
☐	**Further assessment before a decision.** For example a second visit, a trial day, a specialist assessment, or more information from the family or school.
☐	**Unable to offer at this time.** The programme cannot meet the student's needs now. Give the reason and, where possible, what would change the decision.

Year group confirmed: _____ (by age: yes / no; if no, give the reason and who approved it)

5. Support from the first day (if offered)

Area	Plan
English support level	☐ Intensive (new to English) ☐ Timetabled support lessons ☐ In-class support and monitoring ☐ None needed
Maths and science catch-up	
Reading (book band or reading age to start from)	
Pastoral (buddy, homeroom check-ins, boarding support)	
Information for the homeroom teacher	
Review date (for example after six weeks)	

6. Comments and feedback

Assessor (from the grading sheet): strengths, gaps, NT topics, English barrier or not.

Interviewer (from the Interview sheet): what the student is like, hopes and plans, anything of concern.

Feedback for the family. Start with the child's strengths; use plain words; say what support we will give and, if no offer is made, what would change the decision.

7. Sign-off and records

Role	Name	Signature	Date
Assessor			
Interviewer			
Head of section			
Admissions: outcome told to the family (start with the child's strengths)			

Papers filed together: ☐ grading sheet ☐ Reading front sheet ☐ Interview sheet ☐ parent conversation record ☐ marked student paper. Assessment result and report given with the marked papers on: _____
Entered in the admissions system: date _____ initials _____

Assessment result and report

Candidate name		**Candidate number**	
Year group applied for		**Date of birth**	
Current school		**Date of assessment**	

Paper version sat: _____ Assessor: _____ Interviewer: _____ Report date: _____

Outcome (from the final mark sheet, confirmed by the head of section): ☐ Offer ☐ Offer with English support ☐ Offer with a learning plan ☐ Further assessment before a decision ☐ Unable to offer at this time. Year group confirmed: _____

Results

	Score	Band	What we found (a few words)
Listening	__ / __	☐A ☐B ☐C ☐D ☐E	
Speaking (interview)		☐A ☐B ☐C ☐D ☐E	
Reading	__ / __ reading age _____	☐A ☐B ☐C ☐D ☐E	Book band (Years 1 to 3):
Writing	__ / 16	☐A ☐B ☐C ☐D ☐E	
Overall English		☐A ☐B ☐C ☐D ☐E	
Maths	__ / __	☐1 ☐2 ☐3 ☐4	Topics not yet taught:
Science (Years 5 to 10)	__ / __	☐1 ☐2 ☐3 ☐4	

Strengths

What to work on

Support we recommend from the first day (English support, maths and science catch-up, where to start reading)

Next step and review date

Head of section (name, signature, date) _____

Admissions (name, signature, date) _____

The bands show where the student is now and what support will help. They are not a pass mark. The back of this sheet explains them.

About this report

This report goes with the student's marked papers. It was made from the grading sheet, the reading and interview sheets and the parent conversation. The assessment was in English only, so the English bands show how far the student's English has come, and maths and science show what the student can do when the English is not the barrier. Some topics are taught in a different order in Chinese schools: where a student has not yet been taught a topic it scores 0 and the report says so.

The English bands

Band	Listening	Speaking	Reading	Writing
A New to English	Understands little or no English; may follow a routine instruction with gesture.	Silent, or single words and memorised phrases; may use Chinese.	May know some letter names or sounds; reads few or no words.	Copies, writes their name, or writes isolated words; may write in Chinese.
B Early acquisition	Understands simple, slow questions and instructions on familiar topics, with support.	Short phrases and simple sentences about familiar things; frequent errors.	Decodes simple words and short sentences; understands very simple texts with pictures.	Short simple sentences with familiar words; frequent errors in grammar and spelling; meaning mostly clear in short pieces.
C Developing competence	Follows most everyday talk and simple explanations; misses detail and implied meaning.	Connected sentences with "because", "but", "so"; errors common but meaning usually clear; everyday vocabulary.	Reads simple texts two or more years below age level with understanding; struggles with age-level texts.	A short connected piece; some joined sentences; errors frequent but rarely block meaning; basic punctuation.
D Competent	Follows most classroom talk at normal pace, including some implied meaning.	Speaks at length, explains and gives examples; occasional errors.	Reads age-level texts with some difficulty in vocabulary and inference.	Organised writing with a range of sentences; generally accurate with occasional errors; varied vocabulary.
E Fluent	Understands as a fluent speaker of the same age does.	Fluent and accurate for age.	Reads age-level texts as a fluent reader of the same age does.	Writing comparable to a fluent writer of the same age.

Reading age is an indicative figure from a short reading-aloud screen: 5 years 0 months plus 2 months for every point. It is a guide, not a standardised test.

Maths and science bands compare the score with what is expected for the year group: 1 Well below expected, 2 Working towards, 3 Expected, 4 Greater depth. The papers for older students are harder, so their boundaries are lower.
