Scene map table cover: 168.9 x 119.4 cm on 21 A3 sheets (7 across, 3 down)

Print every sheet on A3 at Actual size (100%). Never "Fit to page", or the sheets will not line up.

Each sheet is labelled in its bottom margin (A1 is top left). The red boxes above show where each sheet goes.

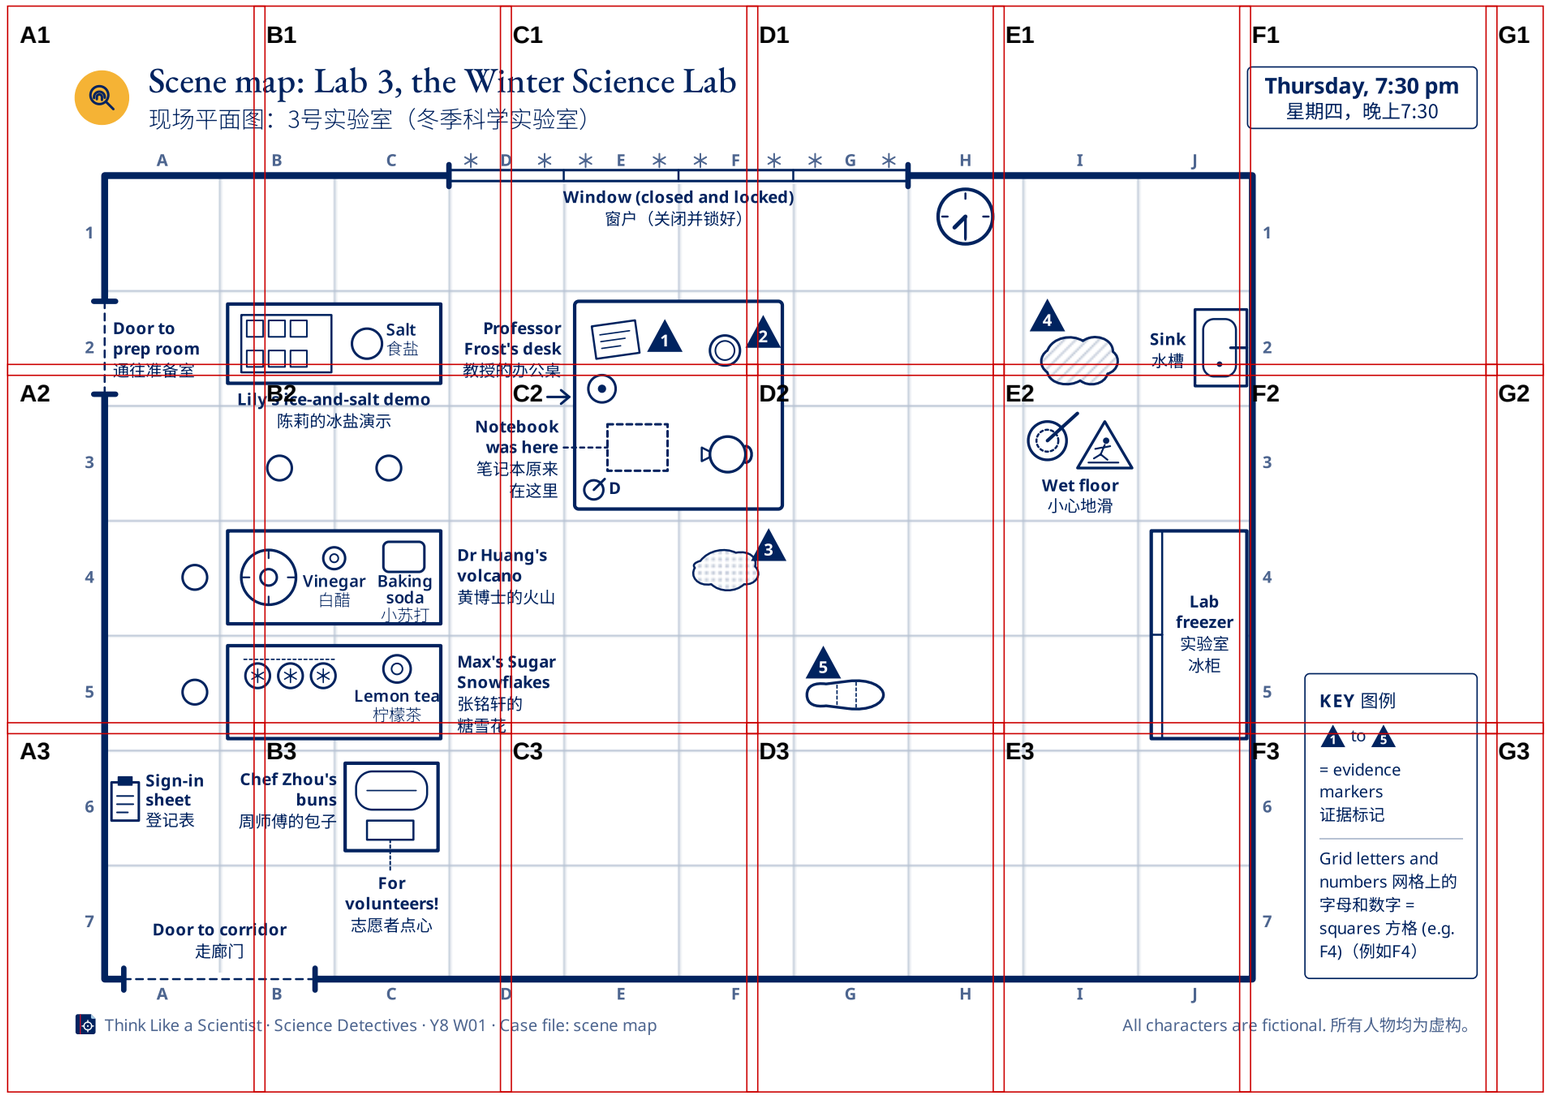

1. Trim the white margin off all four sides of every sheet, cutting on the small corner marks.

2. Build row 1 from left to right: lay A1, then lay B1 on top of A1's grey glue strip so the pictures match. Glue on the strip only.

3. Build rows 2 and 3 the same way, then lay row 2 over the bottom glue strip of row 1, and row 3 over row 2.

The grey strips (12 mm) are covered by the next sheet, so they never show. Tape the back of the joins for strength.

The map keeps its proportions, so it is 168.9 cm wide: on a 180 x 120 cm table this leaves about 6 cm spare at each end.
