Mist

On his first morning at Riverside Middle School, Chen Yu stood at the classroom door and counted the faces. Thirty-one. Nobody looked up.

"You can sit next to Tom," said Ms Wang, pointing to an empty desk by the window. Tom was drawing something in the back of his maths book. He moved his pencil case to make space, but he did not say a word.

All morning, Chen Yu kept his eyes on the board. He copied down every word, even the ones he did not need. At lunch, he sat at the end of a long table and ate his rice very slowly, so that he would always look busy.

In the afternoon, rain began to stream down the windows. The class had art, and Ms Wang asked everyone to draw a place they loved. Chen Yu thought of his grandfather's tea garden in the hills outside Hangzhou: the neat rows of green bushes, the narrow stone steps, the white mist that hung over everything in the early morning. He drew until the bell rang.

"That's the best one in the room," said a voice. Tom was leaning over his shoulder. "How did you do the mist?"

Chen Yu showed him. You press lightly with the side of the pencil, then rub it gently with your finger. Tom tried it on the corner of his own page. His mist looked more like smoke from a factory chimney, and they both laughed.

"Do you want to come to art club tomorrow?" Tom asked. "We meet in the art room after lunch. It's mostly people who are bad at football."

Chen Yu was terrible at football. "Yes," he said. "I'd like that."

On the bus home, he watched the grey streets go past. Somehow, they did not look quite so grey any more.

7 / 1

Interviewer signature and date _____

Parent conversation record

Candidate name	
Year group applied for	
Date	
Staff member	
Parents or carers present	
Language used (and interpreter if any)	

About 15 minutes. Hold it while the student does the written tasks with another adult, or straight after. Use the family's preferred language; a Chinese-speaking colleague should lead or interpret if the staff member does not speak Chinese. The aim is a two-way conversation: to understand the child and the family's hopes, to explain how the international programme works, and to check that what the family wants matches what the school offers. Do not discuss the assessment results on the day.

1. Why the international programme?

Question	Notes
Why are you looking for a place in the international programme, and why now?	
What do you know about how the programme works (lessons in English, the UK-style curriculum, assessment, homework, activities)?	
Whose idea is the move, and how does your child feel about it?	

2. Schooling so far

Question	Notes
Schools attended, years, and type (Chinese mainstream, bilingual, international, overseas)	
Any year repeated or skipped? Any long gaps?	
Why is the child leaving their current school?	
Student registration (学籍): where is it held now, and what will happen to it? (admissions office to give the school's position)	
School reports, certificates and any assessments the family can share	

3. Languages

Question	Notes
Which languages are spoken at home, and by whom?	
How has the child learnt English so far (school lessons from which grade, classes outside school, tutor, online, time abroad, English-speaking carer)? About how many hours a week?	
Does the child read in English at home? In Chinese?	
How will the family support English at home (reading, media, activities), and support Chinese if that matters to the family?	

4. Learning, health and development

Ask gently and explain why: the school wants to have the right support ready from the first day.

Question	Notes
What is your child good at? What do they enjoy most?	
Has any teacher or doctor ever raised a concern about learning, speech and language, attention, behaviour, hearing or vision? Any assessments or reports?	
Any extra help at the current school?	
Medical conditions, allergies, medication (also on the school medical form)	
For young children: speech in Chinese for their age, toilet and self-care, sleep	

5. Wellbeing and the week

Question	Notes
How would you describe your child's personality? How do they cope with change?	
Friendships: does your child make friends easily?	
A typical weekday and weekend: after-school classes, tutoring, sport, music, screen time, sleep	
Any big changes in the family recently (a move, a new baby, a parent working away)? Share only what you are comfortable sharing.	

6. Expectations and partnership

Question	Notes
What would make this a successful first year for your child?	
What do you expect from the school (homework, reports, communication, class rankings, exam results)? Explain how the school reports progress and how it communicates.	
How does the family feel about co-curricular activities, sport, arts, service and wellbeing as part of education, not just exam subjects?	
Learning in a new language takes time: explain what is typical (social English often within one to two years; the English needed for academic work often takes several years) and how the school supports it. How does the family feel about this?	
How would the family like to be involved (events, meetings, volunteering)?	

7. Future plans

Question	Notes
What are your hopes for your child in the long term (university, country, career)?	
Do you plan to stay in the international programme through to the end of school?	
Explain the programme's pathway (for example IGCSE, then the sixth form programme) and how it differs from the 中考 and 高考 route, using the admissions office's wording. Does the family understand that moving back to the national exam route later may not be straightforward?	
Year 10 applicants: which IGCSE subjects does the student hope to take? Explain that IGCSE is a two-year course starting in Year 10.	

8. Boarding (only if the child will board)

Question	Notes
Has the child stayed away from home before (camps, boarding, family)? How did it go?	
How independent are they with daily routines, sleep and belongings?	
How will the family keep in touch, and how often will the child go home?

Final mark sheet: candidate summary and decision

Candidate name		**Candidate number**	
Year group applied for		**Date of birth**	
Current school		**Date of assessment**	

Paper version sat: _____ (v3.1; on the front page of the student paper). Complete within two working days from the **grading sheet**, **Reading front sheet**, **Interview sheet**, parent conversation record and homeroom teacher reference. This is the one overview that the head of section reads and that goes into the admissions system. The bands guide a professional decision; they are not a pass mark (guide, Sections 6 to 9).

1. English profile

Skill	Evidence (copy the scores)	Band
Listening	Grading sheet: ___ / ___ ; listening in conversation (Interview sheet)	☐A ☐B ☐C ☐D ☐E
Speaking	Interview sheet (and picture talk on the grading sheet, Years 1 to 3)	☐A ☐B ☐C ☐D ☐E
Reading	Reading front sheet. Years 1 to 3: book band _____ accuracy ___% questions ___ ; phonics ___ / 40 ; letters ___ / 26 and ___ / 18 ; tricky words ___ / 20. Years 4 to 6: paper ___ / 24. Years 7 to 10: paper ___ / 16	☐A ☐B ☐C ☐D ☐E
Reading aloud	Sentence reading (Reading front sheet): points ___ / 72 ; reading age _____ ; actual age _____ ; meaning checks ___ ; fluency ___	indicative ☐A ☐B ☐C ☐D ☐E
Writing	Grading sheet: ___ / 16	☐A ☐B ☐C ☐D ☐E
Overall English	The band most of the four skills sit in. If one skill is two or more bands below the others, say which.	☐A ☐B ☐C ☐D ☐E

A New to English, **B** Early acquisition, **C** Developing competence, **D** Competent, **E** Fluent (comparable to a fluent English speaker of the same age).

2. Maths and science

	Score	Band	Number problems (Years 7 to 10: fluency) / word problems (word questions) / applied (Years 7 to 10)	Not yet taught (NT) and language support (L)
Maths	___ / ___	☐1 ☐2 ☐3 ☐4	___ / ___ ___ / ___ ___ / 12	
Science (Years 5 to 10)	___ / ___	☐1 ☐2 ☐3 ☐4		

1 Well below expected (Years 7 to 10: below expected), **2** Working towards, **3** Expected, **4** Greater depth. The Years 7 to 10 papers are harder, so their boundaries are lower. Strong number problems with weak word problems may be an English barrier, not a maths difficulty. Years 7 to 10: strong fluency and word questions with weak applied problems means teaching in problem solving, not more content. NT questions score 0: say whether the student is likely to reach the expected band once taught.

Year 10 only: readiness for IGCSE (grading sheet; Year 10 instructions, Section 6). English course: ☐ First Language ☐ English as a Second Language ☐ to decide. Maths tier: ☐ Extended ☐ Core ☐ to decide. Overall: ☐ Ready ☐ Ready with support ☐ Not yet.

About this report

This report goes with the student's marked papers. It was made from the grading sheet, the reading and interview sheets and the parent conversation. The assessment was in English only, so the English bands show how far the student's English has come, and maths and science show what the student can do when the English is not the barrier. Some topics are taught in a different order in Chinese schools: where a student has not yet been taught a topic it scores 0 and the report says so.

The English bands

Band	Listening	Speaking	Reading	Writing
A New to English	Understands little or no English; may follow a routine instruction with gesture.	Silent, or single words and memorised phrases; may use Chinese.	May know some letter names or sounds; reads few or no words.	Copies, writes their name, or writes isolated words; may write in Chinese.
B Early acquisition	Understands simple, slow questions and instructions on familiar topics, with support.	Short phrases and simple sentences about familiar things; frequent errors.	Decodes simple words and short sentences; understands very simple texts with pictures.	Short simple sentences with familiar words; frequent errors in grammar and spelling; meaning mostly clear in short pieces.
C Developing competence	Follows most everyday talk and simple explanations; misses detail and implied meaning.	Connected sentences with "because", "but", "so"; errors common but meaning usually clear; everyday vocabulary.	Reads simple texts two or more years below age level with understanding; struggles with age-level texts.	A short connected piece; some joined sentences; errors frequent but rarely block meaning; basic punctuation.
D Competent	Follows most classroom talk at normal pace, including some implied meaning.	Speaks at length, explains and gives examples; occasional errors.	Reads age-level texts with some difficulty in vocabulary and inference.	Organised writing with a range of sentences; generally accurate with occasional errors; varied vocabulary.
E Fluent	Understands as a fluent speaker of the same age does.	Fluent and accurate for age.	Reads age-level texts as a fluent reader of the same age does.	Writing comparable to a fluent writer of the same age.

Reading age is an indicative figure from a short reading-aloud screen: 5 years 0 months plus 2 months for every point. It is a guide, not a standardised test.

Maths and science bands compare the score with what is expected for the year group: 1 Well below expected, 2 Working towards, 3 Expected, 4 Greater depth. The papers for older students are harder, so their boundaries are lower.
